Mrs James McClary

(Observer.)

Twelve years of suffering were brought to a peaceful end when Mrs. Jane McClary entered into the rest that remains for God's people at Lower Brighton at the age of seventy three years.

In her case the grand, old Gospel was vindicated—"My grace is sufficient for thee." Through a dozen years of intense pains, when the lamp of life oft flickered for weary weeks, not a murmur passed her lips, nothing but the breathings of confident faith and love. The beautiful child like simplicity, the resignation as if resting by the Shepherd's tent, and the hope that lifted her above the hardness and darkness of her lot to the light and love beyond were an inspiration to those who visited her chamber. For the end came and with it peace. On Tuesday morning February 19th God's chariot descended and the soul that had become too large for the body, passed like a snowflake unsoiled and heavenly to the Savior she loved so well.

She leaves a husband and six daughters to bless her memory—a memory that smells as sweet as a rose.

The funeral service was conducted by her former pastor Rev. George Kincaid, and the large congregation testified more eloquently to the esteem in which she was held than any words the preacher could express.

George Kincaid.

Miss B. V. Estey has just returned from New York, Boston and St. John, where she has been attending the millinery openings.

Board of Trade

The regular meeting of the Board of Trade was held in the Council Chamber, on Monday evening, March 11th. Among those present were E. W. Jarvis, president, C. O. MacDonald, secretary, Messrs. E. R. Teed, Geo. E. Balmain, Robert Strain, Charles F. Rogers, F. B. Armour and John P. Maloney.

The minutes of last meeting were read and approved.

Mr. Jarvis said referring to the production committee, that it had already met with A. E. Jones as chairman and several gentlemen are acting with him. Mr. Jones was last year's chairman, and he should now be reappointed for this year.

Moved by Mr. Teed seconded by Mr. Balmain, that A. E. Jones be appointed chairman of the board of trade greater production committee, with power to add to the committee. Carried.

Mr. Jarvis—This year the committee will profit by last year's experience. Certain rules have been adopted that will enable the committee to take over the plots that will be given to individual units if they neglect to work them, as was done in a few cases last year. This is not a matter of dollars and cents but a question of producing more food.

The secretary read replies from different boards of trade approving the resolutions passed by the Woodstock board in reference to water powers and peat bogs. Correspondence was also read in the matter of the protest of the Woodstock board to the railway commission against excessive freight rate charged by the C. P. R. for the shipment of coal from Minto to Woodstock. The C. P. R. sent letters to the railway commission justifying the charge, and on motion of Mr. Teed, seconded by Mr. Balmain, the president and secretary were appointed a committee to furnish the rebuttal evidence to the railway commission.

Parcels For Prisoners of War

The German Authorities have issued a memorandum to the effect that parcels for Prisoners of War interned in Germany must be addressed to the "parent" (or main) camps to which the Prisoners belong and must not bear the names of any branch or working camps or of any other place to which the Prisoner might be detailed for special services.

The memorandum states that Prisoners who have been detailed for services outside the "parent" camps have been enjoined by the German Authorities from the very first, to inform in this sense any relations or other persons from whom they expect to receive postal parcels. Parcels for Prisoners of War in hospitals also come within the meaning of these regulations.

In the interests of the Prisoners it is therefore essential that these regulations should be strictly adhered to as otherwise the German Authorities will not deliver the parcels to the Prisoners of War for which they are intended, and it is suggested that persons in Canada when writing to Prisoners in Germany should ascertain definitely the name of the "parent" (or main) camp so that they can comply with the regulations of the German Authorities in addressing parcels to Prisoners.

R. M. GOULTER,
Deputy Postmaster General.

Nothing will so quickly remove childhood constipation as will Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take; do not grip and never fail to regulate the stomach and bowels. Concerning them M. S. Adolphe Noel, Petite Lameque, Que. says:—"Baby's Own Tablets are the best remedy for constipation I know of and I would strongly recommend them to all mothers of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.
