ROD and GUN

Rod and Gun for July is a special fishing number, most of the stories relating to the pursuit of the tunny tribe, with just enough variety to make the number of interest to those whose allegiance to the piscatorial art is divided among other outdoor sports. The usual departments are well maintained, the Ten department containing an illustrated write up of the recent tournament of the Dominion Trap Shooting Association at Ham'tn. and the Kennel department the list of awards at the London and Montreal Shows. "Sniping in F.V.C." by a professional sniper is only one of the fine articles appearing in the Guns and Ammunition section. Rod and Gun is published by W. J. Taylor, Limited at Woodstock, Ont.
