FROM ROUNDABOUT.

WINDSOR.

We have had a terrible thaw here but it is frozen up again at present, but it is just possible that it will storm again soon.

That was an awful moose story in the Tiser last week. But I can beat it all to pieces and tell the truth too. Our village black smith shod 51 horses last week. No more Klondyke for Herb. Business is brisk with him this fall; he intends to build a new shop in the spring. He has some of the material on the spot now.

E A Brittain sold nearly $100 worth of pork this fall and got the cash. Add this to about 7 hundred weight of butter he has sold, and he has a snug little sum to add to his bank account.

Miss Nettie Smith has gone to Boston to spend the winter. Old Hayseed wishes her a pleasant trip and a safe return.

Another young lady takes her departure next week, not to parts unknown, but to parties well known.

One of our neighbours is stepping high and lively now—Its a boy.

FOUR FALLS, TOBIQUE.

Prof T T Tuttle has returned to his pedagogic duties at North California. He has estimated that 10 pounds of candy and the same quantity of peanuts per week will run the school while imbibing the lessons of mature wisdom from him. He has contracted with The North American Fur Co for a quantity of furs, including mink, skunk, wolf and bear skins. Several mysterious animals have recently appeared in the settlement. So far the professor is unable to classify them. The terrible trio, two wolves and a panther, that first appeared in Northern Aroostock last winter, have been seen again in this settlement. They hunt together. Your correspondent will keep your readers posted as to their future movements

C W S Barker delivered a Small & Fisher thresher lately to Andrew and Stephen Watson, which gives satisfaction. This Co have a record for honest dealing in this county that is well deserved. Our people should patronize home industries and not build up factories in Quebec and Ontario when they can in most cases do as well, if not better, at home.

Miss Maybelle F Barker who has been attending the Ladies College at Sackville is expected home shortly- She expects to teach the ensuing term.

The Four Falls House has been liberally patronized by the travelling public this fall.

The school agitation is the chief topic at Four Falls. The division of the district is the only practical solution of the existing dead-lock. We do not think the Board of Education will authorize the destruction of the present school house to gratify the dissatisfied portion of the district, that is those that have the shadow of a grievance, who can all be counted on the fingers of one hand. One thing is sure, that in case this is attempted by the Trustees an injunction from the Supreme Court will be served on them. The present school house was built as near the centre of the School District as practicable with the approval of the Board of Education, and can be repaired with a trifling expense. We hope that better council will prevail for the good of all concerned.

Frank Sibbald who has been introducing the "Fairchild Washer" with gratifying success in Victoria and Aroostook intends visiting Carleton County next week.

BRUNO.

ROCKLAND.

Rev Mr Gordon of Nova Scotia, occupied the Baptist pulpit Sunday morning and evening.

S N Estabaooks who is agent for the Doherty organs has received a new consignment, which he will sell on easy terms. Mr Estabrooks has been selling organs for several years. He pursues his business unostensibly, yet has sold more than two score instruments.

Winfred Linton of Fort Fairfield spent Sunday with friends here.

Thornton,s store is being well patronized and contains a splendid assortment of goods.

Miss Annie L Rogers bas decided to remain in charge of the school another year.

Four tramps have terrorized some Tobique people the past week It is reported that the gang were all captured last Friday night at Fort Fairfield.
