

Anaemia, or Bloodlessness.

Its Victims are Pale in Color, Subject to Dizziness, Palpitation of the Heart and Other Distressing Symptoms.

From the Echo, Plattsville, Ont.

Anæmia, which literally means bloodlessness, is prevalent to an alarming extent among young girls and young women of the present day, and is a fruitful source of "decline" and consumption. The symptoms of this trouble are many, but among the most noticeable are pallor of the face, lips and gums, shortness of breath on slight exertion, dizziness, severe headaches, weakness of the vital organs, palpitation of the heart, and dropsical swelling of the limbs. The more of these symptoms shown, the greater the necessity for prompt treatment. Among those who have suffered from anæmia and found a cure is Miss Emily Webb, a young lady residing near Wolverton, Ont. Miss Webb says:—My illness first came on when I was about sixteen years of age. My complexion was a pale waxy color; I was troubled with general weakness, dizziness and palpitation of the heart. I was placed under medical treatment, but the medicine prescribed by the doctor did not appear to do me the slightest good. As time went by I was slowly but surely growing worse. I was unable to do any work about the house, and my limbs would tremble to such an extent at the slightest exertion that I could scarcely stand upon my feet. Then my stomach became so weak that I vomited almost everything I ate; I grew despondent and feared I would not recover. While in this condition a friend urged me to try Dr. Williams' Pink Pills, and I followed the advice. After I had used two boxes I noticed an improvement and my heart was gladdened with the hope of renewed health. At the end of six boxes my appetite had fully returned, and with it strength, color to my cheeks, and brightness to the eyes. I still continued taking Dr. Williams' Pink Pill until I had taken in all twelve boxes, and I can truthfully assert that I am healthier and stronger than I ever was before. I owe this to Dr. Williams' Pink Pills, and I would urge all girls who suffer as I did to give them a fair trial.

Dr. Williams' Pink Pills have done more to make strong, healthy, rosy-checked, bright-eyed girls than any other medicine ever discovered, and mothers should insist upon their daughters taking an occasional course of this medicine. Sold only in boxes, the wrapper around which bears the full name, "Dr. Williams' Pink Pills for Pale People." Offered in any other form the pills are substitutes intended to deceive.

God Reigns.

An impressive incident of the remarkable naval battle at Santiago is thus related in the newspaper dispatches:

Commodore Schley, coming alongside the Texas from the Cristobal Colon in his gig, called out cheerily, "It was a nice fight, Jack, wasn't it?"

The veterans of the Texas lined up and gave three hearty cheers and a tiger for their oid commander-in-chief.

Captain Philip called all hands to the quarter-deck, and, with bared head, thanked God for the almost bloodless victory.

"I want to make public acknowledgment here," he said, "that I believe in God the Father Almighty. I want all you officers and men to lift your hats and from your hearts offer silent thanks to the Almighty."

All hats were off. There was a moment or two of absolute silence, and then the over-wrought feelings of the ship's company relieved themselves in three hearty cheers for their beloved commander.—Outlook.

The Carleton Free Baptist church will have an interesting event on Thursday evening. That date is the 40th anniversary of Rev. George A. Hartley taking charge of the pastorate, and it will be celebrated in an admirable manner, by paying the last cent of debt which is upon the church. Rev. Mr. Hartley's pastorate has been a long one and throughout the many years he has not only won and retained the esteem and affection of his congregation, but of members of all other denominations in the locality where he has so faithfully labored.—Sun.
