

HEART DISEASE.

A TROUBLE NO LONG-
ER REGARDED AS IN-
CURABLE.

An Orangeville Lady Who Had Suffered
Severely Speaks of Her Illness
and Tells How She
Found a Cure.

From the Sun, Orangeville, Ont.

A remarkable case recently came under the notice of our reporter, and for the benefit it may be to some of our readers, we are going to tell them about it. In the south ward of this town lives Mrs. John Hubbard, a lady much esteemed by those who know her. Mrs. Hubbard has been a great sufferer from heart trouble, and ultimately became so bad that it would not have surprised her friends to have heard of her death. But a change has come and she is once more rejoicing in good health. When our reporter called upon Mrs. Hubbard and made his mission known she said she would be delighted to tell him of her "miraculous cure" as she styled it. "Of course no one thought I would get better. I thought myself I could not last long, for at times it seemed as if my heart was going to burst. Oh, the dreadful sensations, the awful pains and weakness together with a peculiar feeling of distress, all warned me that my life was in danger. I consulted a doctor but he could do absolutely nothing for me. My friends saw me gradually sinking, and many an hour's anxiety I caused them. My strength waned, my nerves were shattered; I could not walk, for every step caused my heart to palpitate violently. It is utterly impossible to fully describe my condition. One day a friend brought me a box of Dr. Williams' Pink Pills, and told me to use them, but I said there was no use—they could do no good. To this my benefactor replied, that if they did not they at least could do no harm, so to please her I took the box of pills. Then I procured another box and began to feel that they were doing me good. I took in all eight boxes and now I feel strong and hearty, each day doing my housework without fatigue or weariness. For anyone who suffers from weakness of the heart, I believe there is no remedy so sure or that will bring such speedy results as Dr. Williams' Pink Pills. Had I only used these wonderful pills at first I would have been spared months of intense suffering. Mrs. Hubbard but re-echoes the experience of scores of sufferers, and what she says should bring hope to many who imagine there no relief for them in this world. Dr. Williams' Pink Pills have saved more lives than we will ever know of.

Harper's Round Table prints the following note received by a city school teacher from the mother one of her pupils: "Please excuse Henny for absentee yesterday. Him an me got a chance at a ride to a funeral in a carriage, an I let him stay to home. as he hab never rode in a carriage an never went to a funeral nor had many other pleasures. So please excuse."

War with Spain.

Elizabeth Stuart Phelps Ward speaks as follows regarding the jingo newspapers:—What should be said of the newspaper men who might be guilty of causing such an immeasurable woe? God only could forgive them. This country never would. Let us remember that civilized nations are no longer thugs and pirates. It is out of date to settle national differences by slaughter. The incendiary editor raves hotly over the loss of three hundred men. But he coldly instigates the murder of three hundred thousand or three times that. He pours fiery rhetoric about the miseries consequent on the explosion of one battle-ship. But he is laying the torpedoes which may blow up two navies. He places the mine. He trails the wire; he puts his finger on the electric button. He is the criminal. He is a thousandfold more guilty than any possible savage, or maniac, who might, by any conceivable turn of events, be suspected to know more than he choose to tell about the destruction of the Maine.
