Canadian Order of Foresters.

Among the many fraternal societies in the Dominion of Canada the Canadian Order of Foresters stands at the top as regards finances, having the largest surplus per \$1,000 of risk of any society doing business in this country. The membership now numbers 24,000, and the surplus in the insurance fund at the end of September last was \$802,000, and it is increasing at the rate of \$11,000 per month. The business of the Society is confined to the Dominion, hence the death rate is very low, being only 4.56 per 1,000, of membership in the year 1898, and the average death rate since the organization of the society in 1879 has been only 4.94. The society is adding largely to its membership, new Courts being established in all parts of the Dominion, and the old courts are being strengthened. The insurance premiums are very low, being as follows, payable monthly in advance:

Between the	On	On	On	On
Age of	\$500	\$1,000	\$1,500	\$2,000
18 to 25.....	35c	60c	90c	\$1.20
25 to 30.....	40c	65c	98c	1.30
30 to 35.....	45c	70c	\$1.05	1.40
35 to 40.....	50c	85c	1.28	1.70
40 to 45.....	55c	\$1.00	1.50	2.00

The Sick Benefit Department, though an optional feature, is very popular among the membership, upwards of 17,000 being enrolled in that department. The benefits are very liberal, considering the low rates charged, which are as follows, payable monthly in advance.

Between 18 and 25 years	25 cents
" 25 and 30 years	30 cents
" 30 and 35 years	35 cents
" 35 and 40 years	40 cents
" 40 and 45 years	45 cents

That "Certain Something" was quality she would no doubt have found it in the "other packet tea" at 40c, BUT she found it in 30c TIGER. Had you not better try a pound 30c Tiger? Lead Packets only.
