

A Woman's Suffering.

Was Troubled With Palpitation of the Heart.
Extreme Weakness and Nervous
Headaches.

In the little hamlet of Montrose, Welland County, resides a lady who gives much praise to the curative power of Dr. William's Pink Pills. The subject of this testimony is Mrs. Richard Hanna, an estimable lady who has resided in that locality for many years. A reporter seeking an interview with Mrs. Hanna found her willing to give full details, which are given in her own words. Five years ago I was taken ill. I attributed the trouble at the time, to an injury sustained by a fall. Time went on and I did not get better. The symptoms of my complaint were palpitation of the heart, extreme weakness stomach troubles, and terrible headaches. I was very nervous, had no appetite, and experienced much wakefulness at night. Finally I was compelled to take to my bed, being to weak to sit up any longer. In this condition I was treated at different times by three doctors, and took a great quantity of medicine but realized no benefit. Not one of my neighbors thought I would get well. In the meantime I thought that death would soon end my sufferings. One day Mrs. Smith of Port Robinson, came to see me and persuaded my husband to procure for me some of Dr. William's Pink Pills, and he purchased six boxes. After taking the six boxes I had improved very much and was able to be up, though yet to weak to walk. I sent for another six boxes and as a result consider my cure complete. I can relish food better, sleep soundly and stand more fatigue than I could for years previous. Although I have passed the meridian of life I feel as healthy as when I was in my twenties. With great pleasure and a grateful heart I give this testimony.

The public is warned against numerous pink colored imitations of these famous pills. The genuine are sold only in boxes, the wrapper around which bears the words, "Dr. William's Pink Pills for Pale People." If your dealer does not have them they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Salt for Animals.

Salt makes animals more lively, strong, and capable of resisting disease. Their flesh is harder, and the functions of the organs are more regular. Their digestion is better and they can subsist on fodder that otherwise might be injurious to health. Moreover, with the assistance of salt they can extract more nourishment from a given amount of fodder, since the flow of the digestive liquids is more copious. Hence, salt is of special importance.
