Messrs. Scott & Bowne—Gentlemen—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain but my general health did not imi rove, and early in the winter, I began to raise blood and rapidly grew worse. In paired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue you, and I answer Scott's Emulsion of Con Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle, and he bought two more then improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do Jan. 20th 1879.

Messrs. Scott & Bowne:

About the 15th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
