

Local News.

RETURNED.—Capt. Powys has returned from his transatlantic tour.

HARBINGERS OF SPRING.—A large flock of wild geese passed over the city yesterday.

STARTED UP.—Mr. Gibbons's saw mills at Marysville have commenced the season's operations.

PROBATION.—The Legislature will be prorogued to-morrow. A number of the members have already left for home.

RESUMING OPERATIONS.—Mr. John A. Morrison's mills have commenced sawing, ending only a number of hands.

AUCTION.—The furniture and other effects of the late Rev. Mr. Stevens will be sold at the parsonage, Brunswick Street, at 10 A. M., on Saturday.

CONCERT AND DANCE.—The 71st Batt. Band intend giving a concert and dance in the Exhibition Palace on the evening of the 24th of May.

PERSONAL.—Messrs. W. Brydson Jack Jr., and Alfred Long have arrived home to spend a few months, having obtained a respite from their military duties.

ILLNESS OF THE HON. PROTECTORIAL SECRETARY.—We regret to state that Hon. Mr. Wedderburn has been confined since Monday through illness induced by a severe cold.

TOKEN OF RESPECT.—The flag of the Reform Club flutters from the staff of the building at half-mast in token of respect to the memory of the late Mr. Whitehead.

THE RYER STEAMERS.—The "David Weston," "May Queen," "Soulages," and "Elorenville" have been repaired and otherwise improved in preparation for the season's service.

LOSS OF A VALUABLE HORSE.—Mr. H. G. Ketchum's mare, which he took sick a few days ago, was shot on Tuesday. It was a beautiful animal and Mr. Ketchum's loss is therefore the greater.

RAFFLE.—After the adjournment of the House last night the members met in the Smoking Room, where Geo. Taylor raffled three very handsome pictures of scenes on the river St. John. The winners were, Mr. Gillespie, 1st choice, Mr. Blair, 2nd, Mr. Saye, 3rd.

CHARACTERISTIC.—We are glad to learn that Messrs. G. H. Simpson and John S. Withrow are circulating a subscription list among the Odd Fellows of this city for the benefit of Mr. James Fowler, who is a worthy and prominent member of the order, and that a handsome sum has already been realized.

THE ICE HARVEST.—Owing to the breaking up of the river the company of American gentlemen who were harvesting ice at Burton, Sunbury Co., have not been able to gather such a large quantity as they had hoped. However, the enterprise has been quite vigorously pushed forward and seven thousand tons have been stored ready for transportation to New York when navigation opens.

TEA AND FANCY SALE.—The ladies of Methodist Parsonage Aid Society, of which Mrs. F. P. Thompson is President and Miss Charlotte Perry Secretary, will hold their long talked of Tea and Fancy Sale in Temperance Hall this afternoon and evening. The fancy tables will be filled with the products of the ladies' needles for the past year, and refreshments in abundance will be supplied of every description.

THE RIVER.—It is very seldom that the ice has been so long leaving us as it has been this spring. Last year at this time boats had arrived from St. John, and navigation was open for the entire length of the river. We hope, in our next issue, however, to be able to chronicle the arrival of members of the river fleet. The ice made its first start yesterday forenoon and crossing now is almost entirely suspended, except by a few venturesome spirits whose business absolutely compels them to undertake the dangerous task.

CRICKET.—The University Cricket Club have organized for the season's sport and have selected Mr. Geo. S. Allen, '80, an active and zealous cricketer, Captain.

A general meeting of the city cricketers will be held some evening next week for the formation of one club, and as soon as the Square is sufficiently dry the sport will be begun with an enthusiasm, we hope, equal to that displayed last summer.

IT is much to be regretted that Mr. A. F. Street, from the injuries he received on the Curling rink in the winter, will not be able to play this season.

FIRE ON BRUNSWICK STREET.—At 220 A. M. on Tuesday, fire broke out at J. J. McPherson's barn, opposite St. Dunstan's Church, Brunswick Street, and fanned by quite a stiff breeze soon communicated with Mr. McPherson's and James Fowler's houses adjoining on either side. The fire, as represented by the "Alexandra," "Sisily," No. 3 and 4 hand engines, and the Hook and Ladder company, was promptly on the ground, and by the gallant efforts of the firemen the flames were confined to the buildings mentioned above with the out-buildings attached. It was with considerable difficulty that Mr. John Owen's residence was saved, the roof having worked nobly, and the firemen, receiving a severe scorching, and Mr. Payne's house, just below Mr. McPherson's, occupied by Fred. Coy, Esq., was in extreme peril several times. St. Dunstan's Church, it was feared, would fall a prey to the flames, but fortunately, by the application of streams of water, that calamity was averted. The firemen, under the directions of their effective boss, worked nobly, and the Hook and Ladder Company rendered valuable assistance. In fact, we have seldom, if ever, seen a better managed fire and its speedy suppression is a sufficient evidence of the great value of our well organized and admirably conducted Fire Department.

Mr. McPherson lost nearly all his furniture. His house was insured in the Central Fire Insurance Company of this city for \$10,000. Mr. Fowler lost the greater portion of his effects and was uninsured. Immediately after the fire was extinguished, Mr. Owen very kindly entertained the firemen in a luncheon, for which they feel very grateful.

SUDDEN DEATH OF MR. WHITEHEAD.—Our citizens were greatly shocked on Tuesday to hear of the very sudden death of Alfred Whitehead, Esq., which occurred at 3 P. M. that day at his residence, George Street. Mr. Whitehead had been ill for over a year from disease of the brain, at times suffering quite severely, while at other times appearing in good health. On Monday he was up and about, and was generally well, but on Tuesday morning he was suddenly prostrated and continued failing very fast till his sufferings were terminated by death.

The deceased gentleman was a native of the Parish of Dunfries, York County, where he spent the greater part of his life, engaged in agriculture. A number of years ago he entered the service of the Government as a surveyor of Crown Lands and continued in that position until about six years ago, when he received the appointment of Land Agent for the New Brunswick Railway Company, remaining in that position up to the time of his death. While living in his native parish, he was elected to the York Municipal Council for several terms, serving in that body with credit to himself and with great benefit to his constituents. He has been for many years a member of the Masonic body of this city, and when the Temperance Reform movement sprang up in 1875 he was foremost in that work, and remained a staunch friend of the cause through its periods of adversity as well as those of great success. If we mistake not he was, at the time of his death, a prominent officer in the Reform Club, and that organization will greatly miss his wise counsel and enthusiastic support. Though naturally of a retiring disposition he was determined and intelligent in his opinions, and took a warm interest in public and social matters. A gentleman of more kindly disposition and pleasing address than he is seldom met with, and his memory will be revered by many who were brought to him by his kind and sympathetic words, and who leave a blank difficult to fill. We most sincerely tender our heartfelt sympathy to the sorrowing widow and family. His funeral took place at 3 P. M. this afternoon and was very largely attended.

A SUCCESSFUL SURGICAL OPERATION.—Dr. Kimball, an eminent surgeon of Boston, assisted by Drs. Dow and Ellis of this city, removed a painful tumour weighing sixty pounds, yesterday, from the person of Mrs. Wm. Wheeler. The patient is doing as well as could be expected after undergoing such a severe operation.

IRISH RELIEF.—We commend the Legislature for the handsome donation of \$500 sterling for the relief of the suffering Irish. We understand that the matter was brought prominently under the notice of the Government by Mr. Gillespie, the general M. P. P. for Northumberland, who retains a warm interest in his fellow countrymen of Erin.

THE COST OF EDUCATION.—According to the calculations of Mr. Lynch, M. P. P. for Charlotte, compiled from official sources the cost of Common, Normal, Model, Academic, and University Education in this Province for 1879 cost something over one million dollars, a creditable exhibit, indeed, for a country of New Brunswick's comparatively limited resources.

EDUCATIONAL.—Educational sermons will be preached in the Methodist Church Sunday next, in the morning, by the Rev. W. J. Dobson of Halifax, in the evening by Prof. Burwash of Sackville. A public meeting will also be held in the church on Monday evening, 20th, beginning at half-past seven, when addresses will be delivered by the above named gentlemen.

August Flower.

The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many imitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afflicted. It does not relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.
