CONSUMPTION

A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it such as Chronic Coughs, Bronchitis, Scrotula, Anameia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

Messrs. Scott & Bowne:

Gents-I have frequently prescribed "Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and cons Messrs. Scott & Bowne—Gentlemen—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.

Yours respectfully,

A. H. SAXTON, M. D., Baltimore. Yours respectfully, A. H. SAXTON, M. D., Baltimore

Messrs, Scott & Bowne-Gentlemen-Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the Lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form.

Very truly,

J SIMONAUD, M. D. New Orleans, La. December 10th, 1878.

Messrs. Scott & Bowne—Gentlemen—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In the winter, I began to my bed and my life was des-

health did not imr rove, and early in the winter, I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following result: Cough subsiding, night sweats stopped, appetite re urned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, what cured you, and I answer Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle and he bought two more then got a dozen and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.

Very truly yours,
