both of which occurred last week, are events that will be remembered by St. Paul's Church and congregation for many a day. It is known to most of our readers that the pulpit of the church has been vacant for quite a length of time, during which repeated efforts have been made to seem to be the church has been which repeated efforts have been made to secure a pastor that would be acceptable to the congregation as a whole. However, all attempts proved futile until the name of Mr. Mowatt came up, and by unanimous consent a call was extended to him, which he was pleased to accept; and the preliminary steps having been taken for his induction, that interesting ceremony took place last Thursday night in the presence of a large congregation. The services, which were of an unusually interesting character, were participated in by Revs. Dr. Watters, Maclise, of St. John, Burgess, of Carleton, and Melville, of Nashwaak. Rev. Mr. Burgess read the order for induction, Mr. Maclise preached an able sermon from the text,— was—"What shall we do to be saved?" Dr. Watters put the question of the Formula to Mr. Mowatt, and addressed him on his duty in his new sphere of labor, and Mr. Melville made a few remarks to the congregation. The musical part of the exercises were conducted under the direction of Mr. Ely Perkins, the organist of the church. At the conclusion of the service, the new pastor was introduced individually to the members of

the congregation. The Church and Sunday School Room adjoining on Friday evening, was the scene of a most pleasant gathering, when Mr. Mowatt was accorded a reception at once flattering and complete. The School Room, elaborately and tastefully decorated with spruce, evergreens, flags, and mottoes, was set with tables loaded with the richest viands; and there pastor and people met in social in-

that Rev. Mr. Mowatt has already made a ingresultmost favorable impression on the people of his flock, and all who are interested in St. Paul's Church must sincerely wish that popularity to increase as the years go by.
