Urged on by his two friends he confronted Hatch and his companion, delibentrance examinations were conducted yes- erately walked in between the pair. This erday, 151 candidates presenting themselves interference was forcibly resented by Hatch,

Insurance.—J. L. Inches, Esq., has been appointed agent for that first class English Insurance Company, 'The Liverpool, London, and Globe." This company added to his already long list gives him increased facilities for effecting insurance at the most reasonable rates.

THE LEGISLATIVE LIBRARY.—Mr. Wetmore the obliging Librarian, has requested us to state that the Library is now ready for the issue of books, and will be open every Wednesday as formerly, from 2 till 6 p. m., over the offices of Messrs, Fraser Wetmore & Winslow. Mr. Wetmore has had a great deal of laber, in sorting the Library, and rearranging it.

THE CITY HALL CLOCK.—Mr. James White has resigned the position of caretaker of the Clty Hall Clock, in consequence of his salary having been reduced \$7. We think the Council made a great mistake in reducing Mr. White's pittance, but they'try to justify their action by raising the now played out cry of economy. It won't apply in this case, and the citizens demand Mr. White's reinstance.

FREDERICTON RAILWAY.—At the Annual Meeting of the Fredericton Branch Railway held last Monday, the following gentlemen were elected office bearers for the ensuing year: Sheriff Temple, A. F. Randolph, E. R. Burpee, J. L. Inches, H. D.McLeod Directors.

At a subsequent meeting of the Directors.

Burpee, J. L. Inches, H. D.McLeod Directors. At a subsequent meeting of the Directors Sheriff Temple was chosen President, John Richards, Secretary-Treasurer, and Fraser, Wetmore and Winslow, Solicitors.

CRICKET.—The cricket clubs of the city have been amalgamated and the new formation will be knewn as the "Unien" Cricket Club. At a meeting held on Thursday evening last, the following officers were elected for the season; Hon. John A. Beckwith, M. L. C., Hon. President; A. F. Street. Esq., President; E. L. Wetmore. Esq., Vice President; J. D. Hazen, Secretary-Treasurer.

Committee of Management.—C. F. Byrne Control of the Light and the popular melody so often sung, by a worthy Alderman, "She stops Short." One of the Alderman had the coolness to ask the City Marshall if winding the clock was not a part of his duties as Janitor of the Hall. We have no doubt Mr. Smith understands clock winding as well as that Alderman does his duties at the Council Board, and that is not saying much.

Since writing the above the Clock has stopped. At ten minutes to eleven this forencon, it declined further action, and in its present position furnishes a most forcible example, of the result of the Council's ble in order, for the legal Alderman from St. Apple

THE FIRE DEPARTMENT,-Fire Department matters are in nearly as bad a muddle as is the Police Department. At the special meeting of the Council last Thursday night. the officials were all re-appointed excepting Engineer Anderson of the "Silsby," his position being filled by Mr. Gordon Kelly, and the Captains of the "Silsby and No. 4 Engineer Anderson of the "S gines. SIGNIFICANT. - After the meeting of the City Council Tuesday night, an Alderman who has had a seat at the Board for a number of years, and has always been distinguished for the straightforward and efficient manner which he has discharged his duties, expressed himself as disgusted with the way in which important and urgent business was would be an ornament to any Board.

The feeling of the Alderman and ex-Engineer is largely shared in by our citizens, gineer is largely shared in by our citizens, and we mistake the sentiment of our people greatly if some of the present Aldermen are not relegated to their former obscurity at the first opportunity.

Policy Matters.—Since the first of May the cit has been unprotected during the night, the police for that duty having resigned, and the vacancies remaining. This is a state of affairs that certainly should not exist, and one which causes a just amount of alarm for the safety and good order of the alarm for the safety and good order of the city. As will be seen in the City Council report elsewhere, an attempt was made on Is the most effective Pain Destroyer in the Tuesday night to have the matter properly world. It would be interesting to know then what the Council Sore Throat, Rheumatism, Toethache, and CROCKERY, China, Bohemian ware; Glass ware, Fancy Goods, &c.; really want. Are they content with the present state of affairs? Are they willing to leave the city in danger of being swept off any night by the incendiary's match? I purchase my stock almost exclusively from the manufactures and publishers, as cheap as any House in the Province; and can, therefore, sell as cheap. I do not dabble in all sorts of goods foreign to my legitimate business (such as Organs, Sewing Machines, Room Paper, Toys, Concertinas, Music, Fancy Goods, etc.) but confine my capital and my energies exclusively to the Book, Stationery, Printing, Blank Book and Binding trades,—my ambition being to have one of the finest Book Stores, Printing Offices and Bookbinderies in Canada, This concentration is an advantage in my special lines. I shall not insult the intelligence of the public by such declarations that I sell "50 per cent," or "100 per cent." or "1000 per cent. less than my nelghbors or make any statements of this sort at variance with facts; but recognizing the axiom that people or make any statements of this sort at variance with facts; but recognizing the axiom that people will buy where they can do so the cheapest; and being resolutely determined to hold fast the patronage which I have labored to deserve, and which a gracious public has soliberally bestowed on me, I will continue to sell as cheap as anyone in Arrderican—in many specialties much cheaper; and will spare no efforts to maintain the reputation of my House in every department.

Bookbinder and Blank-Book Manufacturer, Cor. Queen and Regent Streets, Fredericton. would respectfully call the attention of all who are thinking of purchasing a WATCH, to his extensive Stock of Swiss and American manuscript in the city. A few words at the present time may not be amiss. Now-a-days mushroom time may not be amiss. Now-a-days mushroom stores, etc., spring into existence, the conductors of which, knowing their own meakness and ignorance of the business which they have assumed, seek to impose on the credulity of an innocent public by highfalutin, spread-eagle announcements of theirs being the "boss place," "the cheapest place in town," "selling at prices never before offered," of having just received millions of envelopes, carioads of foolscap, whole train loads of notepaper, an incredible lot of stationery, and a greater number of Books than can be found in Paternoster Row, or even our own Legislative Library. This species of "blowing," of course smacks of the second-hand Jew Clothing Store, and is unworthy the honorable profession of Bookseller and Stationer.

I may be pardoned for saying a few words for my own establishment. (The people of Fredericton, where I have lived for over thirty years, can vouch for their truth.) I have devoted the best thirty years of my life to acquiring a knowledge of the business which I am now prosecuting. I have built up an establishment here which has only one rival in New Brunswick,—is unequalled in Fredericton.

I purchase my stock almost exclusively from the manufactures and publishers, as cheap as any House in the Province; and can therefore
