ROBBERY AT MARYSVILLE .- On Tuesday night Mr. Gibson's new flour mill at Marysville was entered and a quantity of flour probably about three barrels stolen. The robbers gained access by a window in the basement which was found open in the morning. A number of sled tracks leading from the mill to certain houses in the village awakened suspicion against two men named James Cochran and John Merchant, who occupied the houses, and Sergt. Woodward was sent for. He went up to Marysville, and with some assistance searched Cochran's and Merchant's houses, and not only found the Merchant's houses, and not only found the missing flour but a large quantity of goods, including groceries, hardware, boots and shoes, etc., all hidden beneath the floors. These were recognized by Mr. Gibson as his property, stolen from his shop last Christmas. Both men acknowledged the double burglary and were conveyed to the Connty Jail, and were conveyed to the Connty Jail, where they lie now awaiting their examination, which is to be held at 11 A. M. on Saturday before P. M. Marsh.

As all their previous efforts have been a means of enjoyment and profit to those who have listened, we have no doubt this one will prove a success.

FIRE ON GEORGE STREET .- A barn on George street, the property of Mr. John see fit. Anderson, was destroyed by fire on Monday night. It contained a quantity of hay which was also destroyed. The fire is supposed to have beed the work of an inceddiary. The promptness with which the Fire Brigade turned out on that occasion was the subject of general remark, and a genuine and satisfactory test of their efficiency.

THE APRIL ATLANTIC MONTHLY is a redletter number, containing three new chapters of Mr. Howell's very striking story, "The Undiscovere Chapters of The Stillwater Tragedy," a serial story by T. B. Aldrich. This begins in a way to fascinate all readers, and though a tragedy is disclosed at once, the humor and narrative charm which all of Mr. Aldrich's stories possess are here in full perfection.

These two serials are enough to make a notable number of any magazine, but the Atlan- wear. tic has, in addition, "Clary's Trial," a capital short story by Rose Terry Cooke; " A Canterbury Pilgrimage," one of the most engag-ing of Richard Grant White's English papers; "The Lost Occasion," a fine peem by Whittier; some charming "Verses for a Letter" by Miss Sarah O. Jewett, author of administration; and a large variety, besides, their measure. of poems, essays, reviews, and the Contributors' Club,-all making an exceptionally good number of what an English journal calls "the best of the monthlies."

H. A. CROPLEY, Bookseller, Stationer, Printer

Bookbinder and Blank-Book Mannfacturer.

Cor. Queen and Regent Streets, Fredericton THE attention of the public is respectfully directed to my establishment, the oldest (in my line) in the city. A few words at the present time may not be amiss. Now-a-days mushroom stores, etc., spring into existence the conductors of which, knowing their own heakness and ignorance of the business which they have assumed, seek to impose on the credulity of an innocent hightalutin, spread-eagle announce nents of theirs being the "boss place," "the beapest place in town," "selling at prices never before offered," of having just received millions of envelopes, carloads of foolscap, whole train loads of notepaper, an incredible lot of stationery, and a greater number of Books than car be

found in Paternoster Row, or even our own Legislative Library. This species of "blowing," of course smacks of the second-hand Jew Clothing Store, and is unworthy the honorable profession of Bookseller and Stationer.

I may be pardoned for saying a few words for my own establishment. (The people of Fredericton, where I have lived for over thirty years, can vouch for their truth.) I have devoted the best thirty years of my life to acquiring a knowledge of the business which I am now prosecuting. I have built up an establishment here which has only one rival in New Brunswick,—is I purchase my stock almost exclusively from tne manufactures and publishers, as cheap as any House in the Province; and can, therefore sell as cheap. I do not dabble in all sorts of goods foreign to my legitimate business (such as organs, Sewing Machines, Room Paper, Toys, oncertinas, Music, Fancy Goods, etc.) but confine my capital and my energies exclusively to the Book, Stationery, Printing, Blank Book and Binding trades,—my ambition being to have one of the finest Book Stores, Printing Offices and Book oindenes in Canada, This concentration is an advantage in my special lines. I shall not insuit the intelligence of the public by such declarations that I sell "50 per cent." or "100 per cent." or "1000 per cent. less than my neighbors or make any statements or this sort at variance with lacts; but recognizing the axiom that people Will buy where they can do so the cheapest; and being resolutely determined to hold last the patronage which I have labored to deserve, and which a gracious public has soliberally bestowed on me, I will continue to seil as cheap as anyone in Frrdericion-1'1 many specia des much cheaper
