sitting in his private room in the Globe office, Toronto, he was attacked by a man named Bennett, a discharged employee. The following is an outline of the account given by Mr. Brown, of the attempt made to shoot

Mr. Brown said that he should apply to the head of the department for the and Winnipeg, on and after the 1st day of March, certificate, as he was not aware of the length of his services. Bennett replied that the head of the department would not give it to him. Mr. Brown then told him he should Dept. of Railways and Canals, apply to Mr. Henning, the Treasurer of the Company who had the books, and could tell how long he had been employed. Bennett pressed the paper on Mr. Brown, and asked him to" sign it sign it." Mr. Brown continued to refuse, when Bennett began fumbling ap- Dept. of Railways and Canals, parently at his pistol-pocket, whereupon it passed through Mr. Brown's mind, as he himself said, "that the little wretch might be meaning to shoot me." He got the pistol out, and then Mr. Brown grabbed him by the wrist, and turned his hand downwards. He had got the weapon cocked before he was seized, and he at once pulled the trigger, but the muzzle being turned downwards, the ball struck Mr. Brown on the outer side of the left thigh, taking a slanting direction, and escaping about four inches below and to wards the back of the leg. Mr. Brown thereupon closed with his assailant, and they got outside the door, still struggling. He pushed Bennett against the glass partition of the waiting room, at the same time calling for By this time the alarm had been given in the office, and a number of employees rushing down, the man was seized and quickly disarmed. While Messrs. A. Thomson and John A. Ewan held him Mr. Brown wrenched the pistol from his grasp, and then walked into his room, carrying it along with him. During the struggle in the hallway, Bennett repeatedly made other at-tempts to fire off his revolver, but he was prevented from cocking it by Mr. Brown, who notwithstanding the fact that he had already received one shot, held on to his would-be murderer until assistance came and

The murderous attack on the noted Editor and Senator, created great excitement in Toronto, Ottawa, and all over Canada. Things appear not always to work very smoothely in the Globe office between employers and employed. Only the other day n Toronto jury gave a verdict for \$1,500 against Mr. Brown in favor of Mr. Martin. a book keeper, who had been summarily dismissed. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it such as Chronic Coughs, Bronchitis, Scrotula, Anameia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. Scott & Bowne-Gentlemen-Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agree to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases. Messrs, Scott & Bowne-Gentlemen-Within the last two months I have fairly tried Scott Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the Lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form.

Messrs. Scott & Bowne—Gentlemen—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew werse In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following result: Cough subsiding, night sweats stopped, appetite re urned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteem weeks. I have taken no other medicine since commencing with your Emulsion and shall continue weeks. I have taken no other medicine since commencing with your EMULSION and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, what cured you, and I answer Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle, and he bought two more then got a dozen and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.

was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
