

Local News.

Mr. Norman Edgcombe has received the cars won by him at the Neptune Rowing Club Regatta last autumn.

Mr. H. G. C. Ketchum and lady, returned from their Trans-Atlantic tour on Monday, looking much improved from the trip.

Eight hundred bushels of wheat came from the Upper Counties last week, to be manufactured at Mr. Gibson's Mill, Marysville.

Messrs. E. C. Freese and J. F. Fox of this city, are attending the annual session of the Temperance Association at St. John this week.

It is said Mr. H. J. Thorne will remove to St. John as soon as his superannuation term begins. We shall be sorry to lose such a good citizen.

The water in the river is so low at the present time that the Fredericton Boom Company have to suspend operations. They have 1100 joints of logs yet to raft.

There are to be two excursions from St. John to this city within a few weeks. That of the City Council Band on the 27th inst., and the 2nd Batt. Band on the 4th of August.

Mr. Wm. Davis has been appointed caretaker of the old building ground and has commenced work. We think the City Council will see it in creditable order before the summer is through. The Council's action in the matter shows their better side.

George Strickland, aged 9 years, son of Mr. Harvey Strickland, died last week from over bathing. This should be a warning to other boys who practice this sport too often. A boy told us the other evening that he had been into the water five times during that day.

Mr. Geo. S. Allen, A. B., of the University graduating class of 1880, at the University of the St. John Presbytery was duly accepted as a student of Divinity, and appointed to labor at Tobique, until the opening of the Theological Hall at Halifax, in the autumn.

The round house of the New Brunswick Railway Company, at Grand Falls, in England and snow plow, was burned at 4 a. m., on Saturday. The loss is estimated at \$15,000, and is only partially covered by insurance. The origin of the fire is not signed. The loss of the engine is felt severely from a business point of view, as no extra ones are on hand to supply their places at present.

We beg leave to call the attention of our readers to the grand clearance sale of Mr. P. McPeake, who, in order to close his business, will dispose of the remainder of his stock at the very lowest prices. Mr. McPeake assumes the postmaster's office of the 1st of August, and is anxious to wind up his affairs in the dry goods corner as early as possible, and will therefore give bargains better than can be had elsewhere.

The N. B. Railway authorities have recently adopted the American Standard Brake, already in use on several roads in the United States and are fully satisfied with its working. A successful test was made last Saturday forenoon, on a special train which ran up the line twelve miles. The inventor and patentee is Mr. A. F. Gue, of Boston, who applied the Brake to the cars of the B. & N. Railway. The Brake is simple in construction and is manufactured in the Railway workshops, by the ordinary mechanics.

The new Parliament Building is making immense strides of late. Enough stone is now ready for the first story. Has the proposed public crossing at the railway station fallen through? and why? We don't see why the erection of such a handsome building should not be signalled in the way spoken of. Much less pretentious structures have had their corner stones laid with a display. Even our forefathers who erected the old building, were not forgetful of the importance of the event and justly celebrated it.

We understand Mr. Frank McPeake has been appointed a conductor on the Grand Southern Railway, and will shortly leave this city for the scene of his work. We congratulate him upon securing a position congenial to his tastes, and regret that he has left here, as he is a gentleman universally liked, and popular with all classes. As the head of an important branch of the Fire Brigade his place will be difficult to fill. The great interest in the railway train from Colyton to St. Stephen, for by that time, the Grand Southern Railway will have become a reality.

We regret very much to state that the Department of Militia has decided to remove Lieut-Col. Maussell, D. A. G., and Lieut-Col. Macdonald, B. M., from their posts at the beginning of 1881; neither of these gentlemen have been informed where they are to be stationed as yet. All classes of our citizens will be sorry to hear of this gentleman's removal, especially of Col. Maussell's, who has long lived in our midst, and really become one of ourselves. In his military position he has received that just respect and admiration which a gentleman and a soldier, while in his private capacity he has won hosts of warm personal friends and acquaintances. We had begun to consider him almost a Frederictonian, for he had been in sympathy with our lively interest in all Provincial affairs. Mr. Maussell too, and her interesting family have endeavored themselves by many ties that will be hard to sever, to make the Dominion Government insist on the Colonel's going, as no doubt they will, there will, we feel assured, be a simultaneous and earnest remonstrance go up from the press of the Province that he be recalled far and wide by our people.

A distinguished party of gentlemen, (in all eight) among whom were Lord Elphinstone, Hon. Isaac Burpee, and George Stephen, President of St. Paul and Minneapolis R. R., arrived here on Tuesday the noon train from St. John, and registered at the Barker House, where they had dinner, after which they inspected the Railway Machine shops at Gibson, and drove to Marysville where they were the guests of Messrs. Gibson and Wednes day morning. Accompanied by Messrs. Gibson and E. R. Burpee, they left Gibson by special train Wednesday at 7 a. m. for Carleton Place, thence they proceeded to Fort Fairfield, via, Presque Isle, and to Grand Falls and Edmundston. To-day they are visiting some of the many interesting localities of the Upper St. John, and will return here to-morrow in time to take the noon train for St. John. Some members of the party are supposed to be heavy stockholders in the Company, said to have recently purchased considerably more of the stock, as well as the others are guests simply travelling for pleasure. We are sure they must have been favorably impressed with the beautiful St. John Valley, although they would suffer considerably from the heat during their tour, especially on the day of their arrival, when the glass registered 86°.

It is several years since this Province has experienced such an extended dry and hot season, as the past few weeks have been. The great drought has done irreparable injury to the crops particularly to grain. A farmer from Douglas, told us on Tuesday that his oats were being scorching out of existence, and the entire field was assuming a blackened and barren appearance. Another gentleman living in the country, a few miles from town informs us that a brook that ripples past his door has not been so exhausted for nine years. The potatoes are suffering considerably from the drought, as well as the destructive bug, and the root crop will not be up to the standard. The farmers have begun cutting their hay, but find only a medium yield.

The rain of Tuesday night came as a great blessing to our agriculturists, and gave an impetus to the crops in which they so greatly are interested.

The demands of the watch trade in the United States now amount to 3,000 watches a day. Of this number the large manufacturers of the United States produce 1,500 a day, as follows:—The Waltham factory, 750; the Elgin, 500; the Hamilton, 250; the Hamilton Watch Company, 50; Howard, 50; Lancaster, 50; Rockford, 40; and lots of others are produced by similar establishments.

The outcries against the emigration from Ireland is preposterous. Lord Carlisle, a member of the House of Commons, hit the mark when he said that the emigration would continue till those left could always command by their labour sixty cents a day; but that is just what many landlords do not want.

The Original Base Ball Club of this city will send a team to St. John on the 29th inst., to play with the Nationals of that city. We hope they will have better luck than last year.

Our readers will please observe the advertisement of Mr. John Babbitt, jeweller, who is offering his goods at low prices. A lot of watches will be sold extremely cheap. Mr. Babbitt finds business in his new stand much improved.

Quarter Master Lipsett's and Capt. Loggie's rifle teams competed yesterday afternoon at Queens Ranges, seven rounds at each, in which the former won by one point, the score standing 274 to 272. This was the first match of the season.

There will be a cricket meeting at the Queen Hotel to-night, and another effort will be made to get on a match with the John Club. We hope better management will mark the affair than was evident when the match was last discussed.

The Ladies of the Odd Fellows' Society at their recent fair, netted the handsome sum of \$500, which has been handed over to the progressive and useful work of the Order. The members of the Order must feel under great obligations to their fair friends for their successful efforts.

FOR THE PUBLIC.—We are now in a position to offer the MARITIME FARMER as the best advertising medium in the city, it having an abundance of readers, and all other local papers combined, which we are prepared to prove. Our circulation is among the very best class of people throughout the country.

There is a proposal on foot to get up a day's sport about the first of September, and arrange an excursion from Calais and Saint Stephen. The programme as spoken of would include horse, foot and boat races, the afternoon. In heating it is proposed to have a single scull race, in which McCoy, and Davidson of Calais, and Russell, Feney and Edgcombe of this city would be invited to take part, and a four oared race to be taken part in by crews from Calais, Woodstock and Fredericton.

In horsing there are no difficulties in arranging several interesting contests in England and in the United States. The programme might embrace a hundred yard sprint, and quarter, half, and mile runs. There would be an abundance of competitors for these. The only difficulty that arises with regard to the necessary amount of money for prizes, but we have no doubt, that sufficient could be collected among parties who would be benefited by the gathering, if the proper persons would take hold of the matter. Let some one who is interested in sports start the ball, and we venture to say the proposal can be made a success.

Our sales of Adamson's Botanic Balm in excess every week. Please ship us ten gross immediately. If our sales continue to increase in future as they have in the past, we shall be glad to have a month.

Respectfully yours, W. F. PHILLIPS & CO., Wholesale Druggists, Portland, Me.

Johnson's Anodyne Liniment will positively cure chronic diarrhoea of long standing, also dysentery, cholera morbus, and cholera, used internally. There is no remedy known so valuable for immediate use as this old life preserver.

One single box of Parsons' Purgative Pills taken one each night will make more pure blood than ten dollars worth of any liquid blood purifier now known. These pills will change the blood in the entire system in three months, taken one a night.

Much Sickness. Undoubtedly with children, attributed to other causes, is occasioned by Worms, Brown's Vermifuge, Castor, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

The Common Expressions, "I feel so dragged," "My food don't digest," "I do not feel fit for anything," which we so often hear during the Spring and early Summer months are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution.

Hanington's "Quinine Wine and Iron," taken according to directions, produces buoyancy of spirits, vigor of mind and gives lasting strength to the whole system. Price 50 cents per bottle—6 bottles for \$2.50. All druggists sell it.

The immense sale and great popularity of Graves' August Flower in all towns and villages in the civilized world has caused many imitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1828, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo, etc., and never has failed to cure. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

Is the most effective Pain Destroyer in the world. Will most surely quiet the blood whether taken internally or applied externally, and thereby more certainly RELIEVE ALL, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation.

It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and ALL ACHES, and is the GREAT BELIEVER OF PAIN. "BROWN'S HOUSEHOLD PANACEA" should be in every family. A teaspoonful of this medicine, taken in a tumbler of hot water (sweetened, if preferred), taken at bedtime, WILL BREAK UP A COLD. 25 cts. a bottle.

Mothers! Mothers!! Mothers!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Full directions for using will accompany each bottle. Beware of cheap imitations. The name of CURTIS & PERKINS, on the outside wrapper. Sold by all Medicine Dealers. 25 cents a bottle. Beware of imitations.

Beware of imitations.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Full directions for using will accompany each bottle. Beware of cheap imitations. The name of CURTIS & PERKINS, on the outside wrapper. Sold by all Medicine Dealers. 25 cents a bottle. Beware of imitations.
