CRICKET.—The coming cricket season promises to be unusually lively and we look forward with considerable interest to the opening of the sport. The manner in which the game was sustained in this city last summer is well remembered by the very large Province aforesaid, and bounded as Province aforesaid, and bounded as mer is well remembered by the very large number of our citizens who take a warm interest in it—the best of all sports. The three clubs, namely, the "Fredericton," "Eureka," and "University" are likely to be in full blast this season, although we should prefer to see the first two amalgamated. Our friends of the University will be early in beginning practice, and before their term closes they will probably measure strength with the city clubs. We are informed that the St. John Club are anxious to visit us on the Queen's Birthday. The annual meeting of the Fredericton club will be held on the 6th of May, and it is hoped that the members will attend punctually.

Serious Accident on the N. B. Railway.—Last Saturday while No. 2 train from Caribou to Gibson, in charge of Conductor McQueen, was approaching within two miles of Woodstock Junction, the rear passenger car left the rails, taking with it the second-class car immediately in front, both overturning, and before the train could be stopped the former was badly wrecked. There

turning, and before the train could be stop- of land measuring on King Street from ped the former was badly wrecked. There were several passengers on board, but miraculously, they all escaped death, although Mr. W. B. Mills, Mrs. D. Tapley and Sectionman Miller were injured. Mr. Mills very seriously. He was placed under the treatment of Dr. Nevers, of Hartland, and it is hoped is in a fair way of recovery. A special train with Mrs. Mills left Gibson at 11.30 A. M., on Sunday, and a few hours afterwards she was with her injured husband. No cause can be attributed for the accident. There was no obstructions, the road bed was in good condition and the gauge of the track seemed perfect. We hope to hear very soon of Mr. Mill's complete recovery. The Company ped the former was badly wrecked. There upper or north-westerly side of the lot owned by Mill's complete recovery. The Company estimate the loss at \$200.

CAN BE CURED A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement

palatable and efficacious,
Messrs. Scorr & Bowne—Gentlemen—Within the last year I have used in my own family, and in
my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable
to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in

health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following result: Cough subsiding, night sweats stopped, appetite re urned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue

LYNN, Randolph Co., Ind., July 2d, 1878. About the 15th of last April I got a bottle of your EMULSION and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the EMULSION in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and waik and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
