CITY COUNCIL.—The new City Council will hold its first meeting on Tuesday night. There will be a special meeting of the W. C. T. U. on Monday afternoon, at 4.30 P. M. A large attendance is requested.

CARNIVAL.—The Manager of the Slacking Rink has completed arrangements for holding the first skating carnival of the season on the evening of Friday, Feb. 6th.

PERSONAL.—Mr. Loggie with his bride arrived home on Saturday night. Mr. A. C. Van Meter arrived from Turro, N. S., to-day.

ENTERTAINMENT AT GIBSON.—Mrs. J. Bilbo Manger, assisted by Mrs. Hinton Green, Miss Wood, and Miss A. Lugin, gave a literary and musical entertainment at Gibson on Monday night to a good house.

FIRE MATTERS.—To keep up the efficiency of the fire companies and also save expenses those of the "Sibby" and "Alexander" are detailed to do duty alternate months during the winter. The latter served during January, and the former will be in use in February.

THE COURTS.—The Circuit Court adjourned on Friday, and resumed Tuesday morning, when the trial of the case of Thomas Temple was brought on, which occupied the time till Tuesday afternoon, when a verdict was given for the plaintiffs. The trial of the case of Lloyd was then resumed, and this week will be the last of the hearing when the present sitting of the Court will close.

Hilary term of the Supreme Court opens on Tuesday. Judge Palmer has been conducting the Equity sittings during this week.

CRUIZANA.—The cruizers on Monday played to decide who of the number shall compete for the Governor-General's medal next week. The ice was in fine condition, and the scoring much above the average. The following eight members will compose the team, having made the highest score: Messrs. Cox, J. B. J. Grievies, 15, J. A. Grievies, 15, Tweedie, 14, Simpson, 14, Loggie, 13, McLaughlin, 13, Hazen, 12. The rinks that play the "Thistle" and "Saint Andrew's" clubs in St. John, on February 4th and 5th, have here on Wednesday morning next.

THE MUNICIPAL DINNER.—A distinguished party of gentlemen sat down to the Municipal dinner, given by Warden Finlay and Secretary-Treasurer Rainsford, last Thursday night, at the Waverley House. Among those present besides the Council members, were His Honor, the Chief Justice, the Hon. Attorney General, His Worship, the Mayor, Dr. Tuck, Q. C., Mr. A. A. Stockton and Mr. Burbridge, Mr. John John, Esq., Esq., Assistant Secretary-Treasurer of York County, F. P. Thompson, M. P. P., George Y. Dibble, Major Rodgers, of Montreal, the City Clerk, and representatives of the St. John on City press. The toast was drunk with great enthusiasm, and able and amusing speeches were made by the Chief Justice, Mr. Pickard, M. P., the Mayor, the Attorney General, Dr. Tuck, Mr. Stockton, Mr. Rainsford, Mr. Thompson, Mr. Major Rodgers, Mr. Hazen and others. Major Rodgers and Mr. Gordon Kelly entertained the evening by giving several comic songs. In reply to the toast of our manufacturing industries, the Warden representing the lumbering interests took a hopeful view of that branch of our Provincial enterprises. Mr. Rainsford also spoke cheerfully of the agricultural prospects in relation to the toast of the County Council and Officials. The dinner was admirably gotten up by Mr. Grievies, and the occasion a very pleasant one indeed. It was over at four when the company separated by singing "Auld Lang Syne."

SATURDAY NIGHT'S PUBLIC MEETING.—There was a large meeting of the ratepayers at the City Hall, Saturday night, called by the Mayor, at the request of a number of prominent citizens, to consider the action of the City Council in cancelling the Saint John Relief Debentures. The chair was occupied by the Mayor, who extended the grant made to the sufferers by the St. John Free Association, and the cancellation of the debentures and their cancellation last April.

His Honor, the Chief Justice, first addressed the meeting, and surprised to learn last week through the medium of the MARITIME FARMER that the relief debentures had been cancelled which he considered a repudiation of the grant. It would be disgraceful if that were true; he hoped for the honor and credit of this city repudiation was not intended. It is a debt of honor and he hoped the Council would delay its payment no longer. He concluded by moving a resolution concerning the Council, and all calling upon them to pay up, which the Sheriff in remarks similar to His Honor's seconded.

Alderman Gunter went in the history of the affair exhaustively, and claimed that the Council did not mean repudiation, but to defer the payment of the amount until St. John stands in need of it and the Relief Committee show how the money is to be handled. He moved, seconded by Mr. Andrew Lippsett, an amendment to that effect, and before the question was taken, speeches were delivered by George F. H. Minchin, Esq., E. L. Watson, Esq., A. A. Sterling, Esq., and Wm. Lemont, Esq., in favor of paying up immediately, while Mr. A. Lippsett, ex-Alderman Cliff and T. W. Shanahan were in favor of delaying for time until the Relief Committee are ready to pay. The amendment was put and lost, and the original resolution carried unanimously.

THE ALDERMAN ELECTIONS.—The Aldermanic Elections on Monday were conducted quietly, and with only an ordinary amount of enthusiasm. In the two lower Wards of the city there were no contests, Alderman Moore and Burdell for Queen's, and Alderman Richey and Mr. William Wheeler for King's, walking the course unopposed.

In the St. Ann's Ward after the nominations there was considerable speaking, Ald. Gunter and Simmons each going quite extensively into city and personal matters. Mr. Gunter delivered a characteristic address, which he closed by announcing in a euphuistic manner "that he would, if elected, faithfully attend to his duty, but if the electors ordered otherwise, he would go back to his office and endeavor to earn money to pay his taxes." The electors, however, willed that he should represent them for the ensuing year in the Council as the close of the poll revealed. The following was the vote: Mr. Wilson, 180; Ald. Gunter, 134; Ald. G. H. Simmons, 65.

Carleton Ward had a square contest, the candidates being Ald. Smith, Harry Beckwith, M. S. Hall and Wm. Clinton. At the close of the poll the vote stood: Ald. Smith, 121; Mr. Clinton, 96; Mr. Beckwith, 96; Mr. Hall, 50. The first two gentlemen were therefore declared elected. The closest contest was in Wellington Ward where Wilnot Guion, John Macpherson and Aid. Vandine were the candidates. Messrs. Guion and Macpherson were successful as shown by the appended vote: Mr. Guion, 68; Mr. Macpherson, 68; Aid. Vandine, 53. Of the Council of 1879, Aid. Smith, Gunter, Burdell, Richey and Moore were returned. Messrs. Macpherson and Wm. Clinton were elected to the Council before, while Messrs. Guion, Wilson and Clinton are new men. Mr. Wilson, however, represented the Parish of Douglas in the Municipal Council during 1878, and therefore will have the benefit of his experience in that body.

ANNUAL MEETING OF THE FREDERICKTON AUXILIARY BIBLE SOCIETY.—The annual meeting of the Fredericton Auxiliary Bible Society was held on Tuesday night in the City Hall, the President, Mr. G. E. Fenety, in the chair. Beside him on the platform were seated Messrs. Messrs. Kinghorn, Evans, Daniels, Stevens and Mowatt, Dr. Rand, S. D. McPherson, Mr. Creed, Mr. Toland, the agent of the N. B. and N. S. Bible Society, and a choir. There was an excellent singing, and a choir. The President opened the meeting in an elaborate address on Bible Societies work, accompanied by interesting statistics. The British and Foreign Bible Society, of which ours is a branch, is seventy-five years old. Since its

organization it has distributed 85,000,000 copies of the Bible in 230 languages, at a cost of £9,000,000 sterling. The Secretary, Mr. H. C. Creed, next read the report of the Auxiliary Society which exhibited a satisfactory state of affairs. The total receipts of the year from all sources amounted to \$1,032.40, of which \$395 were sent to the parent society, and \$190 to the London Female Mission. During the year the depository was removed to J. F. McMurray's store, now McMurray & Fenety's, and 189 volumes worth \$84. There are on hand, at present, 614 volumes worth \$284. The collection amounting to \$446.85, made up of \$365.19 from the city and the following amounts from the country districts:—

Canterbury Station, - - - \$11 00
Central Kingsclere, - - - 5 99
Upper Keswick, - - - 21 20
Nashwauk, - - - 17 95
St. Mary's and Gibson, - - - 22 75
New Maryland, - - - 3 10

Toland then delivered a stirring and instructive address on the work of the Bible Societies throughout the world. He had been over the greater part of New Brunswick and Nova Scotia during the past year, and all around he had met a most cordial reception and warm co-operation in his labors. Notwithstanding the scarcity of money, the collections were in almost every instance larger than in former years. At his instigation, Miss Richards gave a beautiful solo, "Consider the lilies," which was enthusiastically received by the audience. The next speaker, Rev. Mr. Stevens, referred briefly to the great good accomplished since the organization of the church by Bible Societies. His address was practical and attentively heard. Rev. Mr. Evans was next called upon but he said his address would be short, as he would only propose a collection which was then taken up. On motion of Dr. Rand, a vote of thanks was unanimously passed to the ladies of the Society for their services, and the choir which sang several anthems during the evening. In the afternoon a similar compliment on motion of Mr. Creed. Prof. Rivet next moved the following gentlemen be elected to office for the current year:—

Geo. E. Fenety, Esq., President;
Hon. J. J. Fraser, Vice Pres.;
S. D. McPherson, Esq., Treas.;
A. F. Randolph, Esq., Treas.;
Herbert C. Creed, A. M. Secy.;
John Edwards, Auditor;
J. F. McMurray, Esq., Secy.;
Geo. Thompson, Jas. S. Beck, Andrew Inchee, E. C. Freese, Wm. Crockett, A. M., Thos. Harrison, L. D., Theodoros H. Rand, G. L., A. B. Atherton, M., Geo. W. Fenwick, A. H. Fisher, H. H. Fisher, G. P. Atherton, John Spurdens, with the several clergymen who are members of the Society, Committee.

Home Industries.
GEORGE TODD & SONS FOUNDRY, KING ST.
One of the oldest business establishments in this city is the plough and stove depot of George Todd & Sons, King street. Mr. Todd came here in 1838, and commenced business as a blacksmith, continuing until 1847, when he started the present foundry. The premises are quite extensive, extending from King to Brunswick streets, and having a frontage of 50 feet. The main building is 100x25 feet, and is two stories high. On the first floor are the stove room for stoves, the engine room and the blacksmith shop. The second floor is used for the wood work department, and here are the various pieces of machinery used in the construction of the wood work of the ploughs, including circular saws, and turning lathes; an iron lathe and a screw cutter are also here, and the entire department is in charge of Mr. Fred J. Todd.

On the third floor is the paint and varnish shop, and the grinding department, which is provided with an emery wheel 27 inches in diameter. Mr. Todd manufactures and sells 200 ploughs annually, having customers all over the Province as well as in Maine. He claims that he has the entirely driven out American ploughs from the market by giving a better and cheaper article. Immediately to the rear of the main building is the casting room, in a separate building, which is 40x20 feet. Every variety of stoves is manufactured here, including parlor, dining room, hall, and cook stoves, as well as furnaces, many of which are in use in this city. Besides these, Mr. Todd casts here and sells every year about 30 tons of plough castings. Mr. Murray Todd is in charge of this department. Fronting on Brunswick Street, with a width of 35 ft. and a depth of 100 ft. is the saw mill, where all the lumber is made ready for use.

A 20 horse power engine supplies the motive power, and the machinery consists of an up and down saw for ripping the logs, a circular saw for edging, big axes and turning lathes and planer. Besides attending to their own work in the mill the Messrs. Todd do a great deal for the carriage makers in the city, in ripping and dressing their lumber. In the interval between the main building and the casting house and the saw mill are the lumber sheds. Mr. Todd does the most of his plough work from March until June, and the business takes his attention from June until Christmas. The sale of stoves each year amounts to 100.

When our reporter visited Mr. Todd's establishment, he found him busy getting up his plough shares to order. Fred. Todd was working over a pattern for a new iron beam plough, which he expects will supersede in use the Scotch plough so-called. If strict attention to business and integrity in the present time, then Mr. Todd should have a large share.

THE FEBRUARY ATLANTIC is a notable number containing, in addition to its new quota of 144 pages, a Supplement giving a full account of the Holmes Breakfast, with the speeches, poems, and letters of that very interesting occasion. Several new chapters are given of Mr. Howells's serial, "The Undiscovered Country," and it is safe to say that any one who fails to read it loses some of the most delightful of current reading. Mr. Longfellow's poem, "Helen of Tyre," in the measure of Staphylea, "is one of the most pleasing poems Mr. Longfellow has ever written. Richard Grant White has a curiously interesting article on "Antonius and the Violin." Goldwin Smith contributes a striking essay on "Pessimism," which is sure of wide reading and liberal criticism. C. P. Cranch, the poet, writes an interesting and instructive essay on "Wordsworth." Miss Woolson has a short story, "The South Devil," which no lover of good short stories should miss. There is an assigned paper well worth reading on "The Strong Government Idea." There are, in addition to other poems and essays, criticisms on Mr. Fisk's new Essays, Dickens's Letters, and a varied collection of bright things in the Contributors' Club. An excellent number at the regular price.—the publishers giving their readers the "Holmes Breakfast."

In the new prison at Milan, the prisoners at first made an incessant noise and uproar until they had been separated into their respective cells. The keeper ordered them to keep silence, and was very much surprised to find that his order was so well carried out that the building became as silent as a grave-yard. At last he discovered that the prisoners had started telephone communication among themselves by speaking through the numerous tubes by which the building was heated.

A boar's head is usually sent to Queen Victoria from Germany each Christmas. For fourteen Christmas, from 1857, it was the custom of King Ernest of Hannover to send one to each of his political friends in England. His list was a somewhat lengthy one when he left the country, but if a man abandoned his right of citizenship in favor of another state he was at once expunged, and at his death it had dwindled down to a very few names indeed.

Six of the most eminent physicians in London have signed a paper to the effect that the music of brass bands may cause nervous fevers.
