To New Subscribers.

EXTRA INDUCEMENTS.

As we are desirous that the MARITIME FARMER should have an extensive circulation among the farmers of the Province, we intend to hold out extra inducements to new subscribers. But, first a word about our paper. The MARITIME FARMER, though specially devoted to one interest, has much to recommend it to the general community. It contains six columes weekly of agricultural matter, eight of general affairs and local news, and three and a half of light literature. It has already found its way to a large circle of readers, but we are ambitious to have that circle greatly extended. We therefore make this offer to all new subscribers. We will send the FARMER to all who remit to us $1 up to the 1st May, 1882, give them the Paper for fifteen months for the usual annual subscription. Appended is a form of remittance for substriptions.

CUT THIS OUT.

Sir:—*Please find enclosed the sum of $1, in payment for the "Maritime Farmer," up to May 1st, 1882.*

Yours, &c.,

Opening of the Legislature.

The ceremony of the opening of the Legislature on Tuesday afternoon, attracted a large attendance, among which was a considerable sprinkling of people from country districts. Of the ceremony, it may be said, that "custom cannot stale" it; it is witnessed with ever fresh interest on each recurring occasion. The weather was all that could be desired, and much better than could have been reasonably expected. The 8th was like one of the balmiest days in early spring let down in the middle of winter. In front of the Normal School Building, a guard of honor, composed of No. 5 Company, of the 71st Battalion and the Band, were drawn up. Punctually to the hour of three, the carriage with His Honor the Lieutenant Governor, with whom were seated Col. Maunsell, Capt. A. F. Street, A. D. C., and Private Secretary, Mr. Henry Wilmot, preceeded by the carriages of the Sheriff, with whom was S. D. McPherson, Esq., and of members of the Government, appeared. As the Lieutenant-Governor approached the entrance the guard saluted, and the band played the first part of the National Anthem, and a salute was fired from the guns under command of Brevet-Major A. G. Beckwith. In the upper hall, where "the throne" was placed, the members of the Legislative Council were seated, few in number, and in different parts of the enclosed space, were seated groups of ladies, whose colors relieved the monotony of black. Outside the bar there was a promiscuous assembly, through which, children relieved from school made holiday.

The Lieutenant-Governor, on entering, accompanied by his Private Secretary, Cols. Maunsell and March, and Capt. A. F. Street, Major Staples, Capts. Barker and Loggie, and Lieuts. Pinder and Boone, was received with the customary honor, and on being seated, and the Speaker and members of Assembly being present, read the following

SPEECH:

Mr. President, and Honorable Gentlemen of the Legislative Council:

Mr. Speaker, and Gentlemen of the House of Assembly:

I have convened you at this time for the consideration of the affairs of the Province, with full confidence that your labors will be resumed with a spirit devoted to the public welfare.

You will join me in the expression of gratitude to Almighty God for the many blessings bestowed on the people of this Province during the past year. The Harvest of the season has been abundant; and, although our Trade and Manufactures have exhibited to some degree the effects of the depression to which the Commerce of the World has been more or less subjected during the same period, I have reason to believe they have received no permanent check, and that the progress of the Province in general prosperity has again commenced, and will now be relieved from those retarding influences which have been for some time so seriously felt.

You will be gratified to learn that the Act passed by you during the last session, relating to agriculture, has proved highly acceptable to the farming interest of the Province, and that the Board established under that Act has entered upon its responsible labors under very favorable circumstances, and possessing the generous confidence of the agriculturists of the Proviuce.

During the past year, the Province was favored in the visit of the English Agricultural Delegates. My Government felt it a duty to extend to them all assistance possible in furtherance of the object of their mission, and to enable them to become personally acquainted with many of our rich farming districts. I am happy to say, the effort in this behalf was cordially and promptly supported wherever the delegates went, and by all classes of the people. I regret the limited time at the disposal of the delegates rendered it impossible for them to accept the invitation of my Government, and of the local authorities, to visit other sections of the Province. You will be glad to know that very favorable impressions of the Province were formed by the delegates, which I think will not fail to lead in many respects to very beneficial results.

The Exhibition of 1880 will be long remembered as one of the most successful hitherto held in this Province. The fine agricultural, horticultural and stock exhibits evidenced the great and increasing care, industry, and intelligence of our farmers and stock raisers; while the remarkable displays of mechanical and manufacturing products were the subjects of unanimous and unqualified admiration and were eminently fitted to inspire our people with the fullest confidence in the future of our mechanics axd manufacturers. All other departments of the Exhibition were also characterized by great excellence.

I view with great pleasure the increasing interest manifested in the Export Trade of cattle and sheep to the markets of Great Britain, and I am sure you will be pleased if a cheaper and more expeditious mode of transportation than exists at present shall be established by a line of steamers from this Province to a Port in Great Britain, which seems indispensible to the permanency and success of the Trade. It will be a matter of congratulation if the Federal Government shall determine to assist so important a work by the granting of a reasonable subsidy in its aid.

Bills relating to the Administration of Justice in the trial of causes in the Supreme Court—to County valuations for the purposes of assessment—and in further amendment of the Law relating to the issue of Provincial Debentures, and other measures of importance, will be submitted for your consideration

Mr. Speaker, and Gentlemen of the House of Assembly;

I have given directions that the Accounts of the Receipts and Expenditures of the past fiscal year, and a detailed statement of the Receipts and Payments of the current year up to the opening of the present Session, and the Estimates for the ensuing year, be laid before you at an early day.

You will be asked to make provision for the commencement of the erection of additional accomodation in connection with the Provincial Lunatic Asylum.

Mr. President, and Honorable Gentlemen of the Legislative Council;

Mr. Speaker, and Gentlemen of the House of Assembly;

Relying upon your patriotism and zeal in the public service, and commending your deliberations to Divine guidance, I leave you to the performance of your respective duties.

Not a Beverage.

"They are not a beverage, but a medicine, with curative properties of the highest degree, containing no poisonous drugs. They do not tear down an already debilitated system, but build it up. Every druggist in Rochester sells them, and the physicians prescribe them."—Rochester Evening Express on Hop Bitters.

THE BEST SHOT IN THE BRITISH ARMY.—Ireland, it seems, can boast that it possesses not only the best civilian shots in the three kingdoms, but the best military shot. It is stated in the military papers that the best shot in the British army is "a young private soldier named Hugh Morgan, a native of Newry, in Ireland." He obtained several handsome prizes offered by the Commander-in-Chief and the War Office, and if his education be at all in proportion to his accuracy of aim, he ought soon to become something more than Private Morgan,

Lately in Hull, England, a scholar recovered £100 and costa from the School Board of that town for iniuries recieved under peculiar circumstances. COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate COUGHS, SORE THROAT, HOARSENESS and BRONCHIAL AFFECTIONS. For thirty years these Troches have been in use, with annually increasing favor. They are now new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchal Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH or Sore Throat requires immediate attention, as neglect oftentimes results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.*

A Baptist Minister's Experience.

I am a Baptist Minister and before I even thought of being a clergyman I graduated in medicine but left a lucrative practice for my present profession, 40 years ago, I was for many years a sufferer from Quinsy, "Thomas' Eclectric Oil cured me," I was also troubled with Hoarseness and Thomas' Eclectric Oil always relieved me. My wife and child had Diphtheria, and "Thomas' Eclectric Oil cured them" and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate Cold, or Cough and if any one will take a small teaspoon and half fill it with the Oil and then place the end of the spoon in one nostril and draw the Oil out of the spoon into the head by sniffing as hard as they can until the Oil falls over into the throat and practice that twice a week, I don't care how offensive their head may be, it will clear it out and cure their Catarrh. For deafness and Earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration, I am now suffering with a pain like Rheumatism in my right limb and nothing relieves me like Thomas' Eclectric Oil.
