- Never speak ill of a brother! Don't say a word that is mean You'll find you'll have plenty to do By keeping your own hands clean,
- Never speak ill of a brother Because he's done this or that: Perhaps if you held the same dish, You, too, would spill all the fat.
- Never speak ill of a brother! Let others syeak as they will, If you can say nothing that's good,
- You'd better by far keep still. Those who are eager to utter All the vile slanders they hear,

Don't consider for a moment

Never speak ill of a brother!

They're blasting a life most dear.

- We know not the heart, my brother-It may be as pure as the snow; Then judge not, oh judge not unkindly,
- Show charity here below. Oh! ne'er speak ill of a brother, Ne'er say one word that is mean; You'll find you'll have plenty to do

If you keep your own hands clean.

"Musical Composition for Piano, Miss L. Garnett."

Standing upon the platform, receiving vied and praised her. her prize from the hand of the gratified "Has she been ill lo principal of the seminary, Laura Garnett attracted admiring glances from all in the crowded hall; but there was one gentleman who stood near the door, a man of some forty years, whose eyes saddened as they marked the fair girl's face.

I wish I knew that child's parents," he said to a friend near by.

"I would warn them of what they are doing," the doctor said, gravely. "What they are doing?" said the friend "You speak as solemnly as if there was positive crime in this innocent exhibition lish studies." "And how old is she?"

"Eighteen." "Poor girl!"

"Poor girl? Why, she is the envy of sobbed, bitterly. every other girl in the room! This little tribute to her vanity will not harm her." exhausted and white, her large violet of her life. However, the high pressure a day when physician, mother and lover fair chance. Throw a sensible man out of system may cease, now that she has finish- watched with bated breath for words of a window and he'll fall on his feet and ask ed. love of learning he was a man eminently peeps in to see if it went through. fitted to control a large institute like the

parties, that Laura Garnett was "just the wlfe" for Martin Lester, and the gentleman himself was certainly of that opinion. It had been an interest and delight that been an interest and delight terated and those are Sheridan's. to him, in his leisure hours, to converse with the gifted girl, to aid her in the studies she still pursued, to enbe driven by electricity. The machine is

"Pause and consider awhile:"
His heart may be buried in sorrow,
"Yet more than yours free from guile,"
Darkness may hover about him,
Leaving not one ray of light;
Though clouds have darkened his pathway,
That brother still may be right.

That brother still may be right.

Teturned, he left himself the proudest, half tons, and consequently would be able to support one ton weight of passengers, ballast, etc., besides the batteries and machinery. With the air calm, its speed would be from twelve miles to fifteen miles per hour, which, of course, could be worthily his place in the great world. worthily his place in the great world. "I wonder," said Laura, on the evening

two in Dante before I go to bed.

The lady smiled pleasantly, and moved on to congratulate other fond, proud mothers.

The day was one when all Hillsboro congregated in the only concert hall of the condition of the small town, to witness the annual exhibition of the female seminary, which was the favorite school for girls within approaching her. Problems of Algebra, solved in the long school hours, took new worth illustrates the truth of the fable. could be no doubt that Laura Garnett and puzzling forms; intricacies of music Its grand success everywhere admitted.

The doctor was summoned, and looked very grave. He had been but a year in Hillsboro, but he recognised in an in-And the girl had nobly fulfilled the stant the queen of the school exhibition of the National Banks, Providence, R. I. whom he had pitied, while all others en-

"Has she been ill long?" he asked. "She has not had much appetite lately, and she complained of want of sleep." "Not weak or faint?"

the matter, doctor?" "Why, doctor, you are not smitten, are brain-fever, but I fear it will be in vain." mother; "but that is dangerous." "Very dangerous," was the answer of a

doctor who was too conscientious to raise false hopes. For days all was done that medical skill cashier paid the cheque without another of their daughter's talents. She really is and devoted nursing could do. Lovely in word. very accomplished. M. Lefevre pronounces her a thorough French scholar, while Signor Faranelli is enthusiastic about her Italian. You hear yourself what a fine pianist she is, and she has by no means knowledge; prattling in heart-breaking forgotten the ground-work of solid Eng. words of simple studies, all in strange, wild confusion in her disordered mind;

There came a day when she lay silent, "I was not thinking of her vanity, but eyes wide open in a fearful vacant stare-"Recover! Why, doctor, she is the very another, blank and expressionless, till have in the end. Money you can earn picture of health. Her cheeks are like the white lids fell wearily, a smile dawned yourself is much brighter than any you damask roses, and her eyas like stars." on the sweet mouth, and the fluttering, can get out of dead men's bags. A scant

if you could see her after this is all over." lover bent, with a groan of agony, over lish for a sweet one. Your present want educating girls?"

"Most assuredly. But I tell you it is such education as Laura Garnett has received that fills our cemeteries with yours."

"Most assuredly. But I tell you it is such education as Laura Garnett has received that fills our cemeteries with yours."

In a deep, hushed voice, touching Lester's hand, "Thank God that He has taken her, for had she lived, she would have been an ideal of the life."

I our present want will make future prosperity all the sweeter in a sweet one. I our present want will make future prosperity all the sweeter Eighteen pence has set up many a peddler in business, and he has turned it over ideal of the life."

How to foretell the Weather,

In the meantime the proud, fond mother of the lovely girl was hearing from all sides the admiring comments

4. Cirrus clouds always move from a region where a storm is in progress, to-

wards a region of fair weather. 5. Cumulus clouds always move from region of fair weather, towards a region 6 When cirrus clouds are moving rapidly from the north west, there will be rain in less than twenty-four hours, no

matter how cold it is. 7. When cirrus clouds are moving rapid ly from the south or south west, there read with wonderful comprehension for if it be summer, and if it be in winter 8. The wind blows in a circle around a

courage her to still greater effort, and to to weigh 5 cwt. and the secondary batter mark the rapid intellectual development lies 17 cwt representing about five horsepower. These will be carried by an No less was he won by the sweet, lov-ing disposition and spiritual beauty of cubic feet. It is to be 131 feet long, and Laura: and when he found his love was its diameter in the center 60.7 feet. It returned, he felt himself the proudest, would have a lifting power of three and a

maintained for a few hours. Easily Proven .- It is easily proven "I wonder," said Laura, on the evening following the sealing of her engagement by her mother's sanction, "if I shall ever know as much as Martin Lester. Do you know, mamma, he talks of a tour to Italy in the summer. What an opportunity I shall have to revive my Italian! It is growing rusty. I think, if you will give me a glass of wine, I will read an hour or two in Dante before I go to bed.

EASILY PROVEN.—It is easily proven that malarial fevers, constipation, torpidity of the liver and kidneys, general debility, nervousness, and neuralgic ailments, yield readily to this great disease conqueror, Hop Bitters. It repairs the ravages of disease by converting the food into rich blood, and it gives new life and vigor to the aged and infirm always. vigor to the aged and infirm always.

THE MOTHER'S MISTAKE.

A little wine. It had come to be a request made every day and every evening. Laura said it brightened her when her brain was weary, and she felt weak and faint—brightened for the hour the exhausted system, the overtaxed brain, and added fuel to the inward fever that was consuming the bright, promising life.

The mother was blind to all but the exhausted in study. From the time she delighted in study. From the time she was a little girl learning to spell, it has never been any trouble to keep her at her books."

The lady smiled pleasantly, and moved on to congratulate other fond, proud

The lady smiled pleasantly, and moved on to congratulate other fond, proud

THE MOTHER'S MISTAKE.

A little wine. It had come to be a request authority on hygiene, lately published an article explaining why 'dyspeptics usually find that stale bread agrees better with them than fresh bread. Fresh bread is in itself just as digestible as stale bread, but the latter cannot be so quickly swallowed, so that it becomes more thoroughly mixed with saliva. Bread, and all food consisting principally of starchy matter, is digested in the mouth rather than the stomach, which explains why the habit of swallowing meat that has been imperfectly masticated. Dyspeptics, are therefore, frequently as
