Hon. C. P. Brown, Minister of Public Works, Manitoba, has left to visit his relations and friends in New Brunswick.

The first appeal from the Scott Act in Ch. has been granted by Judge Walton. It seeks to quash the conviction of Mrs. Conway.

The Methodist of Tay Settlement are erecting a handsome new church, which will be finished exteriorly this fall.

John Campbell, of Blonston, fractured his skull and shot himself through the stomach in the woods one day last week.

Miss Lillie Taylor, daughter of T. P. Taylor, of St. John, has gone to attend the New England Convention at Boston.

The Catholic picnic at Ononneto on the 6th inst., was a great success financially as otherwise.

It was no doubt a matter of surprise to many who had expected a fracas at the County meeting on Tuesday evening.

So the Mayor has to apologize to the public, when the curtain does not go up.

Daniel Donohue, a city truckman got intoxicated on Wednesday last and was pinned over on Officers' Square and taken to the lockup.

Lumber parties will shortly be fitting out for the fall and winter operations.

Mr. E. G. Edgewood, who does an extensive business in camp supplies, advertizes in to-day's issue a complete stock of suitable goods in that line.

Messrs. T. W. Smith & Son, tailors and clothiers, have done up the capacity of their premises by adding the store recently occupied by S. A. Kerley.

The largest business establishment in the city, and employ nearly half the population in its departments.

The Messrs. Smith keeps a very large stock of all classes of gent's furnishing goods, and their tailoring department is complete in its appointments.

They are rapidly extending their premises in a few years from comparatively small apartments to their present extremely large establishment.

Stanley and that sort of thing. During a hurried visit to Stanley on Monday, we gathered the following news.

Although the people there were loth to speak of anything else but the shooting case, the full particulars of which are given elsewhere.

The Stanley Cricket Club was organized last week, with the following officers: Rev. W. O. Raymond, President; Charles Verza, Secretary; Robert Biggs, Captain.

They have secured a field from Andrew Douglas for practice, and expect to challenge somebody next season.

Stanley has also a full fledged baseball club, two lines of which played the day of the Kirk Picnic, they were captained by Robt. Biggs and E. McAlon.

A bill passed the Legislature last session to authorize the erection of a lockup at Stanley, and the Municipal Council, we believe, made the necessary arrangements.

The lockup has not sprung up yet. It would have been very useful Sunday and Monday, and Fair day, when so many celestials are there in holiday gear.

Though Stanley is in the good County of York, which has in force the Scott Act, it is well known that the denizens may "wet their whiskers" at any public house.

Every country village, has its characteristic inhabitants, and one of these, for generosity and geniality is Mr. B. McMinamin, a jolly good natured Irishman, who does a large general trade.

His storehouse, a neat cottage, and is the happy possessor of a smiling wife and bairns innumerable.

"Stanley Arms" is one of the landmarks of Stanley, and Mr. L. C. L. W. "Stanley Arms," whose hospitality is unbounded.

A photograph saloon is just now exhibiting much interest. The pictures represent a young lady mounted on a steed that had been thirty summers, was endeavoring to be "taken," or the naz by black flies.

Additional notes of interest are held over until next week. One word however, there are lots of people in Stanley who are the happy patrons of the MARITIME FARMER, and there are several yet who are not.

This is a good time in the year to enter it. Sent to any address for \$1.00 a year.

Cost of the Bombardment of Alexandria. Few persons, excepting those behind the scenes, are likely to know from official sources the actual cost of the bombardment of Alexandria; but information has been obtained to show the cost of each round as fired from the various ships engaged.

When Admiral Sir Beauchamp Seymour forwarded, as doubtless he would, to the Admiralty the detailed reports of the captains of the different vessels under his command of the number of rounds fired, a simple calculation will suffice to show the monetary cost of bombarding the Egyptian forts.

On the 11th of July every round fired from the four 50-ton guns of the Indefatigable cost the sum of \$25 10s per gun.

The 20-ton guns, which the Alexandria carries two, cost \$12 10s per round per gun.

The 12-ton guns, of which the invincible carries ten, the Monarch two, and the Sultan four, cost \$8 12s per round per gun.

The Peloponnes, which alone carries six, cost \$2 16s per round per gun.

The Monarch and the Buttern each fired a 60-ton gun, which the Alexandria carries two, cost \$100 per round per gun.

Williamsburg is a quiet little settlement of some two hundred well-to-do high up among the varied hills of the Upper Nashua in the Parish of Stanley and County of York.
