CHARLOTTETOWN, P. E. I., Nov. 11, 1878. Mr. James H. Robinson, St. John, N. B. Dear Sir,-By, I may say, almost an accident, early this spring, being confined to my room for nearly three months, and during this time I was under the combined care of three Sheep Shears of the most emment physicians of Charlottetown, and by them and my friends given up as beyond all power to help me. Dr. Baxter, of Monction, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion, in fact I was so bed I could only eat brown bread, and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast would invariably give me the utmost distress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the public a debt which can only be paid by saving to all similarly afflicted, "Go thou and do likewise; "try "Robinson's Phosphoriz Emulson." To-day I am hearty and strong, and can, without fear, indulge in all the

Shannon, Leaskdale, writes :- " For many years my wife was troubled with chilblains, and could get no relief until about two years ago; she was then not able to walk, and the pain was so excruciating that she could not sleep at night. Your agent was then on his regular trip, and she asked him if he could cure her. He told her Dr. Thomas Eclectric Oil was a sure cure. She tried it, and judge of her astonishment when in a few days the pain was all allayed and the foot restored to its natural condition. It is also the best remedy for burns and bruises I ever used.

Concord Wagons. Piano Box Wagons, Miller Spar Wagons, White Chapel Wagons, Brewster Wagons, Croning Wagons,

Top Phætons. Open Phætons. Sole Manufacturers of Miller's Patent Shifting Rail.

Iver's Wagons

These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggles or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880 Particular attention given to orders. Repairing done in the best manner, and at the shortest notice
