GETSON'S POINT, Nov. 20th, 1881

MESSRS. C. GATES & Co.: Gentlemen.-I should have written to you beto send you the following information, from gratitude to you and the benefit of those suffering as I was. About five years ago I was greatly afflicted with Rheumatism and Dropsy; my legs were swollen to an enormous size; 1 ot even get from my bed without the aid of my wife for several days. I tried all kinds of patent medicine, and a number of bottles of Dr. Thom-as' Eclectric Oil, and also Johnson's Liniment, but found myself worse. In pplied to several doctors, from whom I received no benefit. In the following summer I went to Halifax, to the Provincial Hospital, and there lay under the doctors' treatment for eight weeks. I had my leg tapped twice and blistered several times. I suffered day and night—everything but death. then left that institution and retured home, having received little or no benefit, and expecting never to get any better. I was then advised by a friend to resort to your valuable medicine. No. 1 Syrup and No. 2 and No. 3 Bitters, with a box of Nerve Ointment and Vegetable Plaster. The first few bottles I used I did not feel much better, but when I had taken six bottles the swelling was going down in my legs, and my whole system began to feel better.

These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880
