KENDALL'S SPAVIN CURE os Angels, Gal., Feb. 26th, 1882. MESSRS. B. J. KENDALL & Co.:—Having used your Kendall's Spavin Cure, I find it the best remedy for the horse that has ever been used on this coast. I have a fine colt that was kicked last Fall on the point of the shoulder, and for three months had no use of his leg and by using two bottles of your Kendall's Spavin Cure, he is entirely cured. I enclose 25 cents, for which please send me one of your Treatlse on the Horse by mail and oblige,

GATES' Certain Check

Is speedily making its way into every family in the land. On its own merits its sale has more than doubled during the last year, and all are satisfied that it is purely vegetable and a perfectly safe and harmless medicine, and at the same time a certain and positive cure for Diarr hose, Dysentery, Cholera, Cholera Morbus, and all other kinds of violent pain and cramps.

No family should be without it in the house one day, as it may save life before a physician can be called, and will certainly save a great amount of suffering and perhaps a long sickness by its early use. by its early use. For children of all ages it is just the thing.

Nervous Headache, Neuralgia, AND SCIATICA.

Is one of the best preparations now before the public for the cure of those distressing complaints that have baffled the skill of physicians for ages past. It is perfectly safe and reliable, being prepared from the prescription of a surgeon in the British army, who compounded it for the cure of those Nervous Diseases existing in the regiment to which he was attached, and by this Remedy he was enabled to effect a positive cure in every case. Wherever it has been used according to directions, it has never failed to produce the most satisfactory results.

It has but recently been introduced into this country, but during the last two years it has been used here, its cures of the above diseases have numbered more than that effected by all other remedies combined; it has cured cases of from one to transfer the second cases of the second cases of the second cases of the second cases. from one to twenty years standing, as can be vouched for by the testimony of most reliable Sold at all the principal Drug Stores in the
