THE MOST SUCCESSFUL REMEDY ever ered as it is certain in its effects and does | complaints the last four months than all other

DR. B. J. KENDALL & Co., Gents :- I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spayin Cure. My cousin had a very bad spavin, and was pronounced by four eminent Veterinary Surgeons beyond any cure, and that the horse was done for ever. As

a last resort I advised my cousin to try a bottle of Kendall's Spavin Cur. It had a a magical effect, the third bottle cured it, and the borse is as well as ever. Dr. Dick, of Edinburgh, the eminent veterinary surgeon, was an uncle of mine, and I take great interest in assisting his

Yours truly, JAMES A. WILSON,

KENDALL'S SPAVIN CURE. WEST ENOSBURGH, VT., Feb. 15th, 1881

DR. B. J. KENALLL & Co., Gents .: - Several months ago I injured my knee joint, which caused an enlargement to grow the size of a large walnut, and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most tisfactory results. It has completely removed the enlargement and stopped the lameness and pain. I have long knewn it to be excellent for horses, but now I know it to be the best liniment for human flesh that I am acquainted

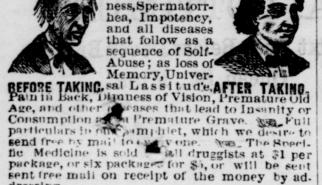

T. P. LAWRENCE.

KENDALL'S SPAVIN CURE Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain, or to remove any bony growth or other enlargements, such as spavins, splints, curbs, callous, sprains, swellings, and any lameness and all enlargements of the joints or limbs, or for rheumatism in man, and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular, which we think give positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man Price, \$I per bottle, or six bottles for \$5. Al Druggists have it or can get it for you, or it will be sent to any address or receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

L. TURDEE, Solicitor, St. John, or to the subcriber on the premises.

CHARLES C. TABOR, Woodlands February 9, 1882

## Nervous Headache, Neuralgia, AND SCIATICA.

em, and is unequalled by any other medicine low before the public for the cure of Neuralgia, Nervous Headache and Sciatica, During the last two years it has been extensively used in various sections of the country with such satisfactory results that the proprietor has been arged to put it before the public as a reat alleviator of Nervous Diseases. It is no Quack Medicine, being prepared from the pre ription of a Surgeon in the British Army, and he proprietor relies on his own standing in the mmunity as a guarantee of his honesty o ourpose in placing it before the public. Whereever it has been used according to directions, it has never failed to produce the most satisfactory results. In ordinary cases three or four doses will remove all pain, and a few additional doses will remove the cause of the pain. Man; persons of undoubted veracity, who have use this medicine, have frequently offered testi-monials as to its efficacy in the above com-

plaints. In offering it to the public, we do so with the utmost confidence in its medicinal merits for the cure of the troubles named. Full irections accompany each bottle. For sale at he following places: A. C. Smith and Parker & Nevens, St., John. G. H. Davis and J. M. Wiley's, Fredericton. H. R. Baird and Garden Bros., Woodstock. Dr. H. McLean, Indiantown.

A New Breed of Hogs. We have on one or two occasions spoken of an improvement in hogs. and believing there is door for it, shall undertake the work ourselves in the following manner: First, we propose to try crossing the Berkshire and Chester White both ways, then if we have not got what we want, put that must go ahead of anything yet in the pen That there is something lacking in the Poland-China all are ready to admit, in fact they can scarcely be called a breed, having been crossed in so many different ways that there is at least a dozen entirely different looking hogs called Poland-Chinas. What we need is a good fair size, stout and not too sluggish, smooth hog with plenty of hair, and a good constitution, not too coarse in making up; a hog that will mature with the Berkhire, in order to keep them looking like a hog. Such a one, we think, can be made by judicious crossing of the Berkshire and Chester White. We shall be pleased to have others try the experiment and

and report the result in the Farmer.

greedily devoured by fowls, and the

DESTROYING SPROUTS. -- Sprouts of orchard trees which spring from the roots are caused by injuries to the roots by ploughing among them. Wherever a root is broken, a sprout is likely to appear. Some trees are J. Kennedy, of Dixie, sells more noted for their habit of sprouting,
