STREET, FREDERICTON.

Rev. Father Wilds'

EXPERIENCE.

The Rev. Z. P. Wilds, well-known city

missionary in New York, and brother

of the late eminent Judge Wilds, of the

Massachusetts Supreme Court, writes

"78 E. 54th St., New York, May 16, 1882.

MESSRS. J. C. AYER & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intelerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use

AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years. I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, legs than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many

constantly coming to our notice, which prove

the perfect adaptability of AYER'S SARSA-

PARILLA to the cure of all diseases arising

from impure or impoverished blood, and a

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood,

stimulates the action of the stomach and

bowels, and thereby enables the system to

resist and overcome the attacks of all Scrofu-

lous Diseases, Eruptions of the Skin, Rhey-

matism, Catarrh, General Debility, and all

disorders resulting from poor or corrupted

Iver's Wagons, Top Phætons. Open Phætons.

Soe Manufacturers of Miller's Patent Shifting Rail. These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It cap be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880
