To the Editor of the Maritime Farmer:

DEAR SIR,—The Reporter labours hard to gloss over the action of the City Collector in collecting a license from Commander Cheyne, for lecturing in this city. This Miscellaneous License business as carried out by Collector Woodward, is a positive disgrace to the City of Fredericton. Every agent who visits here must pay Mr. Woodward one dollar and twenty-five cents, every cent of which goes into his own pocket. This is a soft thing for him, but for the credit of the city, the sooner it is abolished the better.

Yours, JUSTICE.

Fredericton, Jan. 16, 1883.

The Miscellaneous Licenses are a source of revenue to the city. Last year nearly \$2,000 were collected, if they were abolished the deficit would be made up, but how? That the revenue is therefrom is so large is due much to the energy of Mr. Woodward, and he only gets the remuneration the city allows. The exaction of the license fee may be vexatious in some cases, but being the law of the city it must be equably carried out. If the citizens think the miscellaneous license law unjust or a disgrace to the city, they could make their opinion known and felt at the coming Aldermanic election.—Ed.

To the Editor of the Maritime Farmer:

DEAR SIR,—The election for Aldermen will take place next Monday. I am informed that Alderman Burchill, intends offering again for Queen's Ward, and I look on this as a direct insult to the intelligent electors of Queen's. Let Mr. Burchill offer in his own Ward, (Carleton), and let the voters of Queen's select two men who belong to their own Ward. Alderman Wheeler last year was told by the people of King's Ward that they would have no more borrowed men. Let Queen's Ward do likewise and tell Mr. Burchill that if he wishes to remain in the Council he must look to the constituency in his own Ward. Surely two intelligent men can be found in Queen's; if not let the Ward be abolished.

A QUEEN'S WARD VOTER. January 16, 1883.

It is no doubt better that the voters of every Ward should elect Aldermen from among themselves, and it must be the fault of the voters of any Ward if they have to borrow a man from another Ward to represent them. If there is dissatisfaction in Queen's, let the voters put forth a man as good as Mr. Burchill, who they will hardly deny has made an excellent representative. We suppose that our correspondent could place his hand on a man who would do credit to Queen's Ward, if not, why should he complain?—Ed.

We omitted to mention last week that the Cornet for Mr. H. O'Neill has at last arrived. It is a very fine instrument, costing about \$105. It was made by C. G. Friends of the Rev. gentleman, who may be desirous of giving him financial assistance in his misfortune, will meet in the Free Baptist Church Friday evening. Mrs. McLeod left here yesterday to join her husband.

At last, a much abused and down trodden class have arisen to assert their rights. A recent Quebec despatch says: "Forty-three old maids held a meeting in the public hall, last night, to consult on the best means of extricating themselves from their forlorn condition. Report is silent as to the nature of their decision." The movement is said to be extending.

The members of the Municipal Council are delighted with their new chamber, and the public offices as they have been fitted up. There was a large attendance of visitors at the opening Session of the Board, who, also expressed a high appreciation of the manner in which the arrangements for the Council's convenience, and comfort had been carried through by the Committee in charge.

The Concert at City Hall to-morrow evening in aid of the Fredericton Prof. Cadwallader with the aid of local vocalists and the Fredericton Brass Band, should be liberally patronized. We hope to see the Hall packed as an evidence that our citizens are in entire sympathy with the Institution, and can appreciate the services of our own people towards furthering its success.

The January No. of the Poultry Monthly has been received, and is superior in every respect to any of its former publications. THOSE TWIN FOES to bodily comfort, Dyspepsia and Biliousness, yield when war is waged against them with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Its use also insures the removal of Kidney and Uterine maladies, and promotes unobstructed action of the bowels. The purity of its ingredients is another point in its favor. As a blood purifier it has no equal. It is also a great favorite with the ladies.

The assets of the defunct Bank of P. E. Island are placed at \$350,170. It is calculated that the Bank will pay at least one-half of its liabilities. The liquidators hope soon to be able to pay another dividend of ten cents on the dollar. In order to effect an amicable arrangement, as between the directors and liquidators, it has been proposed, without prejudice, that the directors in addition to the payment on their shares, shall pay out of their own pockets \$63,000.

Our obituary list to-day contains the name of S. G. Fowler, Esq., who died very suddenly at Canterbury Station on the 4th inst. Deceased was a native of Hampton, King's Co., and settled at Canterbury Station in 1865, where he held the offices of Justice of the Peace, and Parish Court Commissioner. He was a leading member of the Methodist Church, and took a warm interest in its welfare. His remains were interred on the 7th inst., Rev. Wm. R. Pepper, and Rev. Thos. Hartin, conducting the services.

Miss Monroe, of Cookery School fame, is now in Lewiston, Me., and comes to Fredericton about the 1st of February, to open a class of instruction here. The following committee of ladies will assist her in organization:—

The Municipal Council discussed the subject of publishing its debates for some time this morning, during which it was generally conceded that the plan hitherto in vogue is appreciated by the electors. In the discussion, Mr. Henry Sloat of BRIDGE FARMER and the manner in which it carried out its contracts in this connection, which were exceedingly silly, childish, and in more than one instance positively untrue. Mr. Sloat may be a very estimable old gentleman, but he seems to have his head completely turned by the honor that has been thrust upon him.

The Dominion Election contest at Charlottetown, has not yet been settled. The case is pointedly put in this way. There were three candidates for two seats, two of whom Brecken and Jenkins, ran together; Brecken obtained the majority of votes; Brecken was duly returned by the Returning Officer; in the absence of Brecken Jenkins demanded a recount, and by the disfranchisement of six hundred and seventy votes was counted in ahead and "gazetted." Brecken petitioned the Court to restore his right, and beat Jenkins on every point; Jenkins now appeals to Ottawa in order that he may sit at the next session, and gain another chance to void the election as between his colleague and himself.

The January session of the York Municipal Council opened at 10 A. M. yesterday and is now in progress. There was a contest for the position of Warden, between Warden Close, and Coun. Thomas H. Colter, brother of Hon. Geo. J. Colter, Chief Commissioner of Public Works. The latter gentleman was elected by a vote of 15 to 11. Secretary-Treasurer Rainsford and J. A. Vanwart, Esq., tried conclusions for the Secy-Treasurship, and Mr. Rainsford was re-elected by a vote of 14 to 12. A resolution to raise his salary from \$300 to \$400 was lost by a vote of 16 to 10. Mr. Vanwart was re-elected Auditor without opposition.

The Fredericton Curlers who are to play the Chatham team at Chatham to-morrow, are represented by the following Rinks:—No. 1.—J. D. Hazen, M. J. McLaughlan, A. F. Street, T. G. Loggie, skip; No. 2.—D. Lee Babbitt, J. D. Macpherson, J. S. Neill, J. B. Grieves, skip. No. 3.—W. K. Allen, H. C. Ratter, F. M. McInnes, E. H. Allen, skip.

They left here this afternoon for Chatham via St. John and the Intercolonial. Last winter at St. John, Chatham and Fredericton played four rinks each, and the former won by one point. We expect our boys to turn the tables this time, else they won't get a very warm reception home. They also play the Newcastle Club before returning.

The Moncton Transcript, the organ of the defeated opposition candidates in Westmorland has treated our Mr. Blair most ungenerously for his services during the late campaign. It says:—

It was not to be expected that the presence of Mr. Blair in Westmorland would have contributed very greatly to advance the opposition cause, and this because the electors everywhere are jealous of outside influence, and prefer to settle the selection of their representatives among themselves. And we frankly admit that we do not think that the leader of the local opposition accomplished much in the way of increasing the vote which Messrs. Killam, Robinson, Anderson and McManus received.

Mr. Blair shall never go to Westmorland again with our permission to assist such thankless people.

The upper circles of society at Quebec are not a little disgusted at the result of a municipal election in the parish of Quebec, which may be termed the west end of the ancient capital, including as it does the country residences of a large number of our local gentry. The candidate of the latter was a leading city broker, but the *oi polloi* determined to put in a man of their own, and this they did yesterday by a large majority in the person of a Quebec Bank director's coachman, to the intense horror of the aristocratic faction. The new member-elect is a very respectable and intelligent man, but it is said that some of the big wigs of the Municipal Council have declared that they will not sit with him, and have threatened to resign. The whole affair is looked upon as the hugest local joke of the season, and the community has enjoyed a hearty laugh at the expense of the "exclusives."

C. A. Livingstone, Plattsville, says: "I have much pleasure in recommending Dr. Thomas' Electric Oil, from having used it myself, and having sold it for some time. In my own case I will say for that it is the best preparation I have ever tried for rheumatism."

To lessen mortality and stop the inroads of disease, use Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. For all diseases arising from Impure Blood, such as Pimples, Blisters, Biliousness, Indigestion, etc., etc., it has no equal. Mrs. Thomas Smith, Elm, writes: "I am using this medicine for Dyspepsia; I have tried many remedies, but this is the only one that has done me any good."

The Aldermanic Elections.

NEXT Monday the electors of the city will be called upon to send to the City Council, ten representatives for the current year. There will not be many candidates for the honor so far as we can learn, and this is to be regretted. There ought to be many men anxious for the position of aldermen. The management of civic affairs affects us more directly than the authority of the local and federal parliaments. The City Council is charged with the power of direct taxation and the expenditure therefrom, yet there is a deplorable diffidence in responsible parties coming forward to assume such grave responsibility. We do not in these remarks necessarily find fault with those gentlemen who are willing to give their services to the city, but we complain of the lack of interest which prevents more from coming forward. There should be at least four candidates in each ward, and the electors would have an opportunity of selecting the best men. But what do we find in prospect for Monday's election. In more than one Ward there is a likelihood of no opposition to the present alderman, and in none are there two square tickets.

From the most reliable sources we learn that the following candidates will offer. In Wellington Ward, Aids, Vandine and Macpherson, and Messrs. Edward Brown and Geo. H. Parker, are out. In St. Ann's Ward, Aids, Thomas and Simmons, and Mr. Wm. Cooper, are the candidates. Carleton Ward will have a triangular contest for the two seats, the candidates being Ald. Farrell Ald. Hall, of cord wood fame, and Mr. Chas. Scully, who is the only gentleman that has yet published a card to the electors, in which he says, that he reluctantly consents throwing aside his personal interests to accomplish that which will prove conducive to the public welfare; that he feels that the mechanical industries should be represented by a mechanic; that a more equitable assessment should be made; and that the franchise for voters to the House of Assembly should be lowered; and that there should be a more economical management of the public revenues.

Mr. Scully is a respectable and intelligent young man, and we trust the electors of Carleton Ward will appreciate his candor in the civic service. We will return him and Ald. Farrell. Ald. Hall can be well spared. There never was a greater failure in city politics than Mr. Hall, who has had more scandal associated with his name at the Council than any other man who ever sat in it. We will not now refresh the electors' memory with the "Printing Scandal," in which Mr. Hall was one of the heroes, or the cordwood dishonesty, or his mismanagement of the City Hall, and other irregularities with which the citizens are familiar. We expect to see him left far behind in the vote of Monday.

Queen's Ward can scarcely do better than re-elect Aids, Burchill and Moore. They have served their Ward honestly and well, and we shall be glad to have them re-elected. There is no probability of opposition to them.

In King's Ward Ald. Wilson will have for a colleague Mr. McKay, and the twin will likely walk the course unopposed. Ald. Wilson has given much time to the service of the City, and Mr. McKay has already had experience at the Council, which we believe was well appreciated by his constituents. The Council of 1883 will have the honor of carrying to completion the Water Works System, of laying a large amount of sidewalk, and constructing other important works. We hope the gentleman who shall comprise it will prove worthy of the trust committed to their hands. Particulars of the place of holding the elections in the various Ward, appear in our advertising columns.

Riches in Hop Farming.

At the present prices, ten acres in Hops will bring more money than five hundred acres in any other farming; and, if there is a consumer or dealer who thinks the price of Hop Bitters high, remember that Hops are \$1.25 per lb., and the quantity and quality of Hops in Hop Bitters and the price remains the same as formerly. Don't buy or use worthless stuff or imitations because the price is less.

A Mysterious Disappearance.

Mr. Arthur Underhill, of Derby, Northumberland County, was to have been married one day last week, but the day before he strangely disappeared, and has not yet turned up. The details of the affair are furnished by the Chatham World.

Mr. Underhill had furnished his house, and made it ready to receive his bride. He bought a marriage license at Newcastle on Monday, and got his wedding clothes here in Chatham. He went to the Masonic Hall Monday evening and witnessed "The Lady of Lyons" by the Legrand troupe, after which he went to the Metropolitan and was invited by a friend to go and sleep with him. He said he would go later, and his friend sat up for him till after midnight. Between 11 and 12 o'clock he took down a light waterproof coat of Mr. Jardine's, which was hanging beside his own uister, put it on, and went hastily out of the side door. Since then he has not been seen. When Mr. Robinson, with whom he was to have driven back, failed to find him Tuesday morning, he thought he had returned during the night with some one else, and it was not until he failed to appear at the wedding party that serious alarm was felt concerning him.

The young lady who is placed in this painful position, painful alike whether the missing man be dead or alive, is one that any man might be proud of winning, and belongs to one of the best families on the Miramichi. The engagement had existed some years. Coun. Robinson, in whose employ Mr. Underhill was, has offered a reward of \$100 for information of the missing man. If Underhill has really run away his going must have been the result of a more or less insane freak, as he had even purchased the wedding ring as well as the license on the day of his disappearance.

The missing man is described as follows: When last seen he wore a Persian lamb cap, waterproof overcoat and dark pants. He stands 5 feet 6 inches, heavy built, dark complexion, heavy black moustache and short side whiskers. The affair has created much excitement in Northumberland. It is now reported that he has turned up at Montreal.

Get Rich.

When Hops are \$1.25 per lb. as now, an acre will yield \$1,000 profit, and yet the best family Medicine on earth, Hop Bitters, contain the same quantity of Hops and are sold at the same prices fixed years ago, although Hops now are twenty times higher than then. Raise Hops, get rich in pocket; use Hop Bitters and get rich in health.

Testimonial from Capt. Joshua Harper.

SACKVILLE, N. B., Feb. 13, 1877.

J. H. ROBINSON, Esq., St. John, N. B. Dear Sir,—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of queens for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home. I saw an advertisement in your Phosphorized Cod Liver Oil Emulsion in a paper I immediately sent and got half a dozen bottles after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usual standard of 152 pounds, is now up to my usual standard of 152 pounds, is now up to my usual standard of 152 pounds. I can confidently recommend it to others afflicted with lung diseases.

Yours very truly, (Signed) JOSHUA HARPER, (Of the barque "Mary Lowerson," Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime is prepared only by Hanington Bros., St. John, N. B., and is for sale by Druggists and General Dealers. Price \$1.00 per bottle: six bottles for \$5.00.

W. W. McLellan, Lynn, N. S., writes: "I was afflicted with rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas' Electric Oil recommended— I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave around to my neighbors, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a supply."

Dr. W. Armstrong, Toronto, writes: "I have been using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda for Chronic Bronchitis with the best results. I believe it is the best Emulsion in the market. Having tested the different kinds, I unhesitatingly give it the preference when prescribing for my consumptive patients, or for Throat and Lung affections."

The blood-cleansing qualities of A Sarsaparilla render it invaluable in all disorders.

GENTLEMEN: Being requested by a large number of electors to allow myself to be nominated for Alderman I have reluctantly consented, throwing aside my personal interests to accomplish that which will, I trust, prove conducive to the public welfare.

Patrons of Lemont's, House Furnishing Store: LADIES AND GENTLEMEN.—Mr. Martin Lemont's store was burned out in the big fire of 1880, on the site of Sharkey's Block; again burned out 1881, on Phoenix Square Block. On May 1, 1871, we addressed you with a circular, stating we would move into our present place of business on that date. We again desire to inform you that our Warerooms are now situated, and after so many years, again we thank you for your patronage in the past, and desire a continuance of the same.

With the largest Store and Warerooms in the City, we have facilities for carrying on a wholesale and Retail Trade second to none in the Province.
