nually.

Prizes and Diplomas.

The Manufacturers' Committee of the Ex

hibition has gone further on the prize or

diploma question than will be generally ap-

proved. At a late meeting the members of

it passed a resolution, that, "it is desirable

that no judges should be appointed, or prizes

awarded, in the mechanics' and manufac-

turers' departments in the coming Centen-

nial Exhibition. The question was between

prizes or diplomas, but the Manufacturers' Committee want neither. The Committee,

however, do not speak the mind of all New Brunswick mechanics and manufacturers.

Most people will, we fancy, agree with

Messrs. Stewart & White, of St. John, who

in a communication to the Telegraph strongly

deprecate the committee's resolution, and

Exhibition.

mas should be awarded.

Disasters.

The new year, 1883, is gaining an evi

storms and losses at sea, wild gales on the

coast of Scotland, an outbreak of smallpox

and plague in a section of the North-West,

railway collisions in Illinois and California.

Another big American hotel, in Quincy, Ill.,

has been destroyed by fire, but, happily,

there was no holacaust, as at the burning of

the Newhall House, Milwaukie, the number

These are but a few of the disasters. The

worst and latest catastrophe is the loss of the

Hamburg American line steamer, the "Cim-

bria," which, last Friday morning, collided

with the British steamer, "Sultan," 12 miles

in the North Sea, belonging to Hanover, at

the mouth of the river Ems,) and sank in

15 minutes, and out of a total of 477 souls on

board, 300 are said to have perishad. The
