"78 E. 54th St., New York, May 16, 1882.

Messrs. J. C. Ayer & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of Ayer's Sarsaparilla, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until my general health greatly improved, until it is now excellent. I feel a hundred per it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

It cap be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.
