The funeral of the late Dr. Dow, last Thursday afternoon, was largely attended. The services were conducted by Revs. W. Tippett and S. Howard, of the Methodist Church, and the remains were interred in the Methodist Cemetery. A city newspaper

had better left unsaid, remarks that reflected on the life of the deceased. The Chatham Advance says that Hon. Senator Wark, of Fredericton, so well and favorably known in Kent, paid a visit to the shire town a few days ago; and to prove that the Hon. Senator has still hopes for the future welfare of his old place of business, he is having his wharf put in thorough repair with a view to the prospective requirements of the trade of the port.

It was observed of the members of the City Board of School Trustees while they walked in procession at the late Mr. Macpherson's funeral, that they represent every religious denomination in the community, and not more than one belongs to the same denomination. Hon. A. F. Randolph, the chairman, is a Baptiet; J. L. Inches, a Presbyterian; Wesley Vanwart, Free Baptist;
Postmaster McPeake, Roman Cathelic;
Sheriff Sterling, Episcopalian; and Dr.
Coulthard, Methodist. There would be a curious jangle of theological opinions, if the School Board at its meeting some afternoon,

should proceed to discuss dectrinal points.

That bear story pulped decided lately by a city paper, Conductor Doche N. B. Railway says, was drawn entirely from the imagination of somebody. It is quite true that the driver of the train brought a bear's paw home with him on the engine one evening, but the locomotive did not do the amputating. A sportsman happened to be skining a bear at Newburg Junction when the
train came along from Woodstock for Gibson, and one of bruin's paws was thrown to

DEAR SIRS:—I ought to have acknowledged long ago the box of Pain-Killer you had the goodness to send me last year. Its coming was most providential. I believe hundreds of lives were saved, under God, by it. The cholera appeared here soon after we received it. We resorted at once to the PAIN-KILLER, using as directed for Cholera. A list was kept of all to whom the Pain-Killer was given, and onr native assistants assured us that eight out of every ten to whom it was prescribed, recovered. Believe me, dear sirs, gratefully and faithfully yours.
