A Falsehood Nailed.

To the Editor of the Maritime Farmer: Sir,-In travelling through the county I find Mr. Gregory and his canvassers are perpetrating a gross outrage upon Mr. Temple, by the use of most untruthful and unwarrantable statements for the purpose of misleading the electors. I refer now to the matter of the Fredericton Branch Railroad, in which Mr. Temple, one of the stockholders, lately disposed of a part of his stock. Mr. Gregory, without the slightest regard for probity, cooly tells the people of the county, that Mr. Temple has sold the road, and the

once, but I don't think the people should or will forever keep condeming such outrages. Now. I ask gentleman reading this letter to truth of what I have stated. Let them go to James Tibbits, Jr., Esq., a stockholder, and Mr. Gregory's chairman, or the Hon. A. F. Randolph, or Mr. F. B. Edgecombe, a stock
(Signed) holder, or the secretary and treasurer, John Richards, Esq. These gentlemen all know the facts, and I have no doubt will readily give the truth to any inquiry. Again, I ask the electors not to be hoodwinked by such absolute untruths. In speaking with Mr. Temple on this subject, he, while indignant at the mean misrepresentations, courts legal inquiry, when everything can be shown under oath.

Piano Box Wagons, White Chapel Wagons, Croning Wagons,

Soe Manufacturers of Miller's Patent Shifting Rail. These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggles or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1830
