This Association merits the confidence that the public is resposing in it, from the following The Security offered to policy holders is unsurpassed by any Company doing business in the Dominion. Its progress has been unexampled in the history of Insurance in Canada. Its Policies are indisputable after three years, and non-forfeitable after two years. These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880 Particular attention given to orders. Repairing done in the best manner, and at the shortest notice
