Top Phætons, Open Phætons.

EBEN MILLER & CO

Soe Manufacturers of Miller's Patent Shifting Rail. These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It cap be put on any carriage in use. Persons ordering Buggles or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880

Particular attention given to orders. Repairing done in the best manner, and at the shortest notice Price List.—BUGGY TOPS, \$32 to \$50; CANOPY, \$15 to \$25

Patented in Canada, March 31st, 1877, and in the United States, Dec. 10th, 1878 ALL WORK WARRANTED.

IRON AND HARDWARE. Stop and Think Before you buy all the extensively advertised nostrums of the day which have made no genuine cures and have nothing to commend them to the public but false praise from the vendors, who instead of manufacturing an article of worth which would cost money, give to agents immense profits to insure their sale, and the sick who have been induced to try them only find out when too late that they are really no better and often worse than before, using them in the meantime the proprietors have

20 TONS Bar and Bundle Iron, Londondery brand; 25 cords Manilla Rope;
200 kegs Steel Cut Nails, shingle and board;
