FREDERICTON, N. B., August 13, 1884

The Stock Farm.

Can there be any truth in the rumor, that on account of outside influences that have been brought to bear on the Attorney General, he will relinquish for the present, the other portions of the line and the road-bed proposal to remove the Stock Farm to York County? Surely the Government will not stultify itself, and the Board of Agriculture, by yielding to such a pressure. The vote has been passed by a joint meeting of both bodies, that the Farm shall come to York, and the public, with the exception of a few localities that are influenced by local feeling, will expect the Executive to stand by its determination. The FARMER will refuse to believe the rumors that are being freely circulated regarding this Stock Farm business till there is some assurance from the Government party itself, that such are correct.

A Mammoth Exhibition.

The great Exhibition to be opened at New Orleans, on December 1st, and closed May Western States, to consider well before tak-15th, it is said, will in many of its features, ing such a step.
