FREDERICTON, N. B., July 23, 1884

The Stock Farm Question.

The intimation that the Murray Farm in this County has been selected by the Government and Board of Agriculture, for the purposes of stock breeding, has outside press, but the arguments against York are so sectional and selfish, as to be unworthy of serious notice. Th Government, we hope, will not be in timidated by the articles that have appeared on the subject, but will stand by its decision and locate the farm here. York County will expect Mr. Blair particularly to guard her interests in this The story of the survivors is heart-rending. matter. We have urged before that the Murray Farm offers superior advantages for stock raising, and are satisfied that this was the reason the Govern-Mr. Blair will refuse to allow those who clamor for a repeal of the decision to locate the Farm at Kingsclear, to overawe him in this important matter.

Mr. M. Tweedie, a graduate of Sacktolar for 1883, took prizes in Senior English and Anglo-Saxon at the recent examinations of University College London.

Mr, Blair and the School Teachers

changes in the school law. Mr. Blair's personal organ asserts that there has been no reduction of teacher's salaries, but only an equalization. Well, who is likely to know best, Mr. Blair's apologist, or the teacher's themselves. We shall see what the teacher's black object about a mile distant, which at first looked like a rock, but he knew there was no rock in that gave the most extensive view in that neighborhood. Brainard went back to the tent, but Long remained looking searchingly in every direction for some strange object. At length he saw an unwonted sight, a large black object about a mile distant, which at first looked like a rock, but he knew there er's have to say on the subject.

said that important changes had been made and Long recognized the approach of the with reference to the position of teachers rescuers. He came down from the rock, last winter. There was a widespread impression that these changes were likely to be very injurious to the teaching profession generally. For his own part, he felt that the Legislature had made a mistake in redown once more to the ground. He then ducing the teachers' salaries, and one that totteringly advanced in the direction of the

they answered, "No we won't do it. If the Government are going to reduce the salaries, we are not going to help them out." Mr. Kilburn said the men where he was teaching had not authorized him to make any statement. They, however, he knew, were strongly opposed to these changes. Trustees objected to the superior school arrangement objected to the superior school arrangement because the locality which supported one would be compelled to admit children from the whole parish free of charge. Messrs.

The rule of camp was to permit no one to sleep longer than two hove shops adjoining each other. One of them has painted on his glass over a pyramid of sausages:—"At thirty centimes a pound—to pay more is to be robbed"; which supported one would be compelled to admit children from the whole parish free of charge. Messrs.
