to the miserable way in which King Street, of Saturday may have an excellent effect on between Church and St. John Streets, has him. It would, indeed, be a humiliating his views in the matter upon those with System, and diseases originating in a bad been repaired. This is a public thoroughfare, running past the Parliament Buildings, the Queen's Printer's office, and other public institutions, and ought to be made passable.

Will the proper persons please look into this

Thomas Galloway of Uxbridge, Ontario, is to lecture this evening in the Kirk Church, elected without the vote of New York, and on "Five months in the surgical wards of New York Hospital." The chair will be taken by Judge Fraser at 8 o'clock. M Galloway has suffered from spinal and his disease, and it was for that he was treated the Hospital, He has one artificial hip join The lecture, no doubt, will be very interes

The Attorney General was seen this mor ing at the river's bank, contemplatively su veying the bridge pier at the end of Carleto Street, and whether sad thoughts at the los of his red headed b(u)oy, who once playfull sported there, or a resolve to die politicallif that bridge is not constructed before the general elections of 1886, filled his mind, know not.

The Infantry School Corps went Camp on Col. Maunsell's farm, four mi above the city, this morning, for three weeks. At 8 o'clock they marched out of town, headed by the Band, and were much admired for steady marching and good appearance. The Band is making excellent progress. All the details of drill will be attended to during the three weeks, and the corps wiil perform its target practice, a range having been prepared for the purpose.

There has been bad luck with the steel rails that were landed at St. John last week for the Miramichi Valley Railway. The woodboat "Alex. Gibson," loaded with rails, while being towed through the Falls to Indiantown, en route to Gibson, with 250 tons of the rails capsized and the cargo was lost, and on Saturday the woodboat "Comrade,' when opposite Taylortown, Sheffield, upset, and lost another cargo of the rails. These, however, are in shallow water, and will be recovered. Four woodboat loads of the rails have reached Gibson in safety.

John Harvey, whose photographic rooms are on Queen Street, next door below the Peoples' Bank, has one of the most tastefully fitted up saloons of the kind in the Province. The operating room is furnished with the most fashionable scenery, the waiting rooms are large, airy, and nicely furnished. Mr. be conceded to the Democracy. Indiana, it Harvey has had a lengthy experience in the art of photographing. He served an apprenticeship here, and worked for two or three years in one of the leading saloons in that State.

Tuesday, Thursday, and Saturday Mornings, at 6 A. M., Monday, Wednesday and Friday

Thomas D. Tims, of the Finance Department, Ottawa. was in town Monday on official business.

One thousand hay pitching machines have been manufactured by Walter McFarlane, at St. Marys, for the season.

A correspondent, whose initials will readily suggest his name, has on our first page, an article on the care of gardens.

Intervited the mouths or horsewhip them, and the mouths or horsewhip them, and the mouths or horsewhip them, article on the care of gardens.

County, said he, things are different.

Dr. Moore, of Sackville, endorsed Dr. Musprove's paper to its full extent. He was willing it should be known that in his opinion alcohol was never useful to a man in health and in sickness it was often detrimental. He said he used to think it good in cases of exhaustion, but he had found that he could do more work without than with it. In some diseases, like diphtheria, it may perhaps to advantage, but most diseases.

In some diseases, like diphtheria, it may perhaps to act upon the "kill or cure" principle. The most powerful drugs and the most heroic doses were employed, and if the patient escaped death from disease he stood a capital chance of dying from drugs. So it was often detrimental. He said he used to think it good in cases of exhaustion, but he had found that he could do more work without than with it. In some diseases, like diphtheria, it may perhaps the could do more work without than with it. In some diseases, like diphtheria, it may perhaps the could do more work without than with it. NEW

Iver's Wagons. Top Phætons, Open Phætons. Soe Manufacturers of Miller's Patent Shifting Rail.

Fredericton, N. B.

These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple. It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It cap be put on any carriage in use. Persons ordering Buggies or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880 Particular attention given to orders. Repairing done in the best manner, and at the shortest notice

Price List.—BUGGY TOPS, \$32 to \$50; CANOPY, \$15 to \$25 Patented in Canada, March 31st, 1877, and in the United States, Dec. 10th, 1878 ALL WORK WARRANTED.

Z, R. EVERITT

resided at the QUEEN HOTEL for the last three years, may now be consulted at the COM-MERCIAL HOTEL, Fredericton, either personally or by a lock of hair. Hair may be sent from any distance by letter, and should be cut close to the head and not handled if possible by any person but the patient. His examinations are made whilst in Trance, and entirely unconscious of everything which takes place unless told afterwards by the parties themselves or his amanuensis. Some of his most successful cases were throughout, treated by a lock of hair; in some instances sent from Nova Scotia and from distant parts of this Province. His description of the physical condition of a patient from a lock of hair is very wonderful, this too, without the slightest knowledge of the party. The Doctor especially prefers that nothing should be said to him of any patient's allments before examination. His success in several cases in this city which baffled the best Physicians, can be attested to by parties relieved under his treatment. Dr. Smith is a native of this Province and a descendant of one of the Loyalists.
