FREDERICTON, N. B., October 15, 1884.

#### IMPORTANT,

We have had a most hearty response to our offer to send the FARMER to new subscribers from October 1st, 1884, to December 31st, 1885, FOR ONE DOL-LAR, and it still remains open. Back numbers to October 1st, the date on which our new story was commenced, will be forwarded to those who wish to, but have not taken advantage of this opportunity to secure the best family newspaper published in Fredericton, for FIFTEEN MONTHS, FOR ONE DOLLAR.

There are still a number of old subscribers in arrears, and we invite them to remit the amount due before their accounts are placed in other hands for collection. All amounts received will be promptly acknowledged through the paper.

Complaint is frequently made by those

who use baking powders that they leave in bread, biscuit, or cake raised by them a disagreeable, bitter taste. This taste fellows the use of all impure baking powders, and is caused either by their containing alum (introduced to make a cheap article), by the impure and adulterated character of other ingredients used, or from the ignorance of their manufactures of the proper methods of combining them. These baking powders leave i the bread a residuum formed of lime, earth, alum, or other deleterious matters, not always, though frequently, tastable in the food, and by all physicians classed as injurious to health. The Royal Baking Powder is free from this serious defect. In its use no residuum is left, and the loaf raised by it, is always sweet, light and wholesome, and noticeably free from the peculiar taste complained of. The reason of this is because it is composed of nothing but absolutely pure materials. scientifically combined in exactly the proper proportions of acid and alkali to act upon and destroy each other, while producing the largest amount of raising powder. We are justified in this assertion from the unqualified statements made by the Government chemists, who after thorough and exhaustive tests recommended the "Royal" for Governmental use because of its superiority over all others in purity, strength and wholesomeness. There is no danger of bitter bread or biscuit where it alone is used.

Happy Marriage, Happy Home.
