The Peabody Orchard.

The other day a Telegraph reporter to whether he should destroy the foal superior to any the writer has ever The same reasoning will apply to or not, but in any event he has no re- seen of the same varieties. Of these trees 1,800 are of the New Brunswick stand his horse in their section. Now Fredericton market, Mr. Peabody least substantiated, but very few peo- owner of Darnley, rents him out at own, and next season contemplates King Cotton ever did much to im. and every dollar of this sum is paid acre field adjoining his present orchard. The complete success which he cend to fight against such a vulgar The only way to make Canadian has attained should be a strong incenfarmers follow the course that is best tive to others who possess brains and Cotton may be king or not just as for their own in this connection, is to capital combined, to develop the fruit-

Cost of Dogs.

An Iowa man has figured up the cost of keeping dogs in his state, and St. M rtin's, St. John County, on little about the old cow. She steps pear, The money echiected in this finds that they eat annually enough way could be paid back to horse to feed 100,000 workmen, and countness but she makes the business pay breeders in the shape of liberal preming in the damages they do to sheepiums at horse fairs throughout the farmers, the dogs cost the state \$9,country, after the cost of veterinary 000,000, while the education of all inspection had been deducted.—Cana- the children in the state is less than half that sum.

A Tennessee man makes out a similar condition of affairs in his state. He finds there are 300,000 worthless of the state amounts to the pretty sum

whitewash brush, or a wide, flat brush the risks of lower prices and losses finds it costs not less than \$33,000,000 from freezing in winter. Each must annually to support dogs; a sum that judge for himself when will be his would buy 165,000 farms at governbest time to sell. But do not leave ment prices for land, for it would purfine exhibit at the approaching Stanley the chief and probably only cause of the harvesting till the last moment, chase 132,000 neighborhood libraries
