The work that since has brought me gain The dark, dark days, when weeping skies And sobbing winds seemed but to be The cho of that human woe Whose deeper meaning was in me; The days when love had proved untrue, And Friendship but a broken reed-A broken reed that pearced my heart, And made it inly, dumbly bleed!

The dark and dreary days in which The body would not serve the mind And painful languors had the power My will in impotence to bind: When Duty called me with strong voice. And, heedless both of blame and praise

1 answered her with fainting heart-Oh, the long, aching, weary days!

But then, O soul, thou wert but one, But one in a great company, And each had had some days as dark As any that had come to thee: For into every life must fall The solemn rain of human tears,

And over every life is hung
The somber clouds of drifting fears. But not in laughter and in song Was I the noblest lesson taught : 'Twas in the struggle of dark hours My soul to highest aims was wrought. Then Faith, Endurance, Patience, Hope, Came near, and made me strong for strife

And thus the storm of life's dark hours Brought me the harvest-time of life.

Soe Manufacturers of Miller's Patent Shifting Rail. These Shifting Tops have no rival, as a glance at the cut will show for itself; it is so simple It requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be not on any carriage in use. Persons ordering Provides or Carrony Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880
