FREDERICTON, N. B.

FREDERICTON, N. B., September 9, 1885.

The Scott Act.

The Scott Act campaign has been lighted by two towers of four lights each, vigorously opened by the supporters of in convenient localities, at a height of the law, both in organization and by one hundred and fifty feet, and at platform efforts. On the other side, we lower figure than is now paid for gas. hear of no public action; the advocates They propose the formation of a comof repeal probably rely on an active can- pany with a capital of \$25,000, and vas on polling day. Rev. Joseph Mc- claim that the enterprise will prove Leod, who is chief spokesman for the profitable one. Only a few days have friends of the Act, recently preached a yet been spent in canvassing the city for vigorous sermon in its behalf. Mr. subscribers, but already more than twen-McLeod, of course, puts the matter ty-five lights have been subscribed for. squarely on the ground of temperance or The prospect of an early general introintemperance, which is not exactly a duction of the light into Fredericton burglary. fair way of putting it. There are very already appears probable. There ought many good temperance people who do to be no difficulty in organizing the comnot believe that the Scott Act suppres- pany, with the backing already received, ses or even restricts the liquor traffic, and a little perseverance on the part and they have better facilities for judg- of Messrs. Patrick and Sheraton, will ing than Mr. McLeod. They believe doubtless establish their enterprise here. moreover, that under the Scott Act a larger number of liquor saloons exist, cellent side walks, with the prospect of and do business in Fredericton, than increased railway facilities, with a teleunder the old license system, and they phone system now being generally inhave the facts to substantiate this. The troduced, and the establishment of a friends of the Scott Act say, however, system of electric lighting, Fredericton, that the law has not had a chance; it will soon lack very few of the advanthas been so hampered by the Courts. ages of much larger and more preten-Well, this to a certain extent may be tious cities. true, but when will this hampering be Are they persuaded that the his extra sessional indemnity to the law is workable? The experience of House of Commons, but Mr. Blake has Fredericton is that it is not, and the Act given his to the agricultural societies in has been in force here longer than in his constituency, where he hopes it will any other constituency in Canada. On do the most good for Mr. Blake. its first adoption here, it was sustained by an overwhelming vote-two to one, but its warmest friends will not deny that it has largely lost ground. If the law has become useless, and we assert it has, what is the sense in continuing it. Better to have a dozen licensed liquor of shooting occurred late Wednesday night for the past two years owing to depreciation saloons, than four dozen unlicensed rum shops, such as are known to be in existence in this city at the present moment. above Newcastle, at a tavern and boarding house, kept by one Connors. It appears that The FARMER is not a supporter of, or a sympathizer with the rum traffic. It

wards assisting the temperance cause, than its continuation. The Scott Act supporters are unwise close to the heart. Another account says that the land-lady ordered Cunningham out, and that he raised the pistol and fired. Cunin some of their remarks both from the platform and in their press. The men who signed the petition for the repeal of the law had a right to do so if they desired. Many of them are respectable business and professional men who are possessed of as good judgment and common sense as those who are so strong in criticism. This is a free country in which every citizen has the right to form his own opinion, and the intemperate pistol in his hand and heard him say that it course of some Scott Act supporters in Connors to leave the room, but before she assailing those who differ from them as could do so the shot was fired, no one being to the best means of restricting the li-

A terrible accident occurred at Oakwood in a shaft operated by the Lehigh Valley Coal Co. The cage, in which there were miners, was being lowered in the shaft, and kning and manner than the Empress of Austria, but charms everybody by her quiet, womanlike graciousness. The Czar has a significant content of the Russian Czar are slight, gentle looking boys, who take after their gigantic father. The Czarina has a sweet face, with beautiful soft eyes and a very winning affable manner. She is less imperial altogether in carriage and manner than the Empress of Austria, but charms everybody by her quiet, womanlike graciousness. The Czar has a single content of the Russian Czar are slight, gentle looking boys, who take after their gigantic father. The Czarina has a sweet face, with beautiful soft eyes and a very winning affable manner. She is less imperial altogether in carriage and manner than the Empress of Austria, but charms everybody by her quiet, womanlike graciousness. The Czar has a sight and thought everything of me. So I started up to call on her. It wasn't my might to pay my regular visits, but I wanted to go, just to show them that I knew it was all right and thought everything of me. So I started up to call on her. It wasn't my might to pay my regular visits, but I wanted to go, just to show them that I knew it was all right and thought everything of me. So I started up to call on her. It wasn't my might to pay my regular visits, but I wanted to go, just to show them that I knew it was all right and thought everything of me. So I started up to call on her. It wasn't my might to pay my regular visits, but I wanted to go, just to show them that I knew it was all right and thought everything of me. grown very much stouter than he was at Skiernwice and has outgrown all the Austrian Kate wasn't expecting me to-night. That Skiernwice, and has outgrown all the Austrian uniforms that he wore last year.

this remains, which were interred yesterday, with Masonic honors, at St. Andrews, were followed to their last resting place by a large concourse of people.

The deceased was fiffy-six years of age. The family of Charles Wright, a carpenter living at Windsor, N. S., had a narrow and fair her intentions may be, is the last person he would select as his life's companion. He desires purity, without and above suspicion. The young girl who engages in this kind of a pastime should bear in mind that she not only endangers her resident; John Richards, Secretary; Alfred at eachly a few spoonfuls, but Mrs. Wright and four small children that she not only endangers her resident; John Richards, Secretary; Alfred at eachly a few spoonfuls, but Mrs. Wright and four small children that she not only endangers her resident; John Richards, Secretary; Alfred at eachly a few spoonfuls, but Mrs. Wright partook freely, and was soon attacked with violent pains. A physician was called in, who administered powerful emetics, and in the street and seek her sequaintance through a flirtat on. But, on the other hand, the first of the street, no matter how innocent site of the street, no matter how innocent shirts of the street, no matter how innocent shirts on the street and seek her sequaintance through the metals of the street oak to be shown to show to who administered powerful emetics, and the unruly snob receives a rebuke which he is that Tom Mill—he with his arm around her
