Salt. Salt.

Fredericton, June 3rd.

Thirty years study and experiment have been given to perfecting the formula for Parsons' Pills, and the universal judgment of the highest modical authorities, scientists, and men of learning, is that our formula is the best yet devised by the brain of man, and should rank with the wonderful discoveries of the world. No family should be without them, for there is no other remedy in the world capable of conferring so much benefit, excepting, possibly Johnson's Anodyne Liniment. The information contained in the wrapper around each box is worth ten times the cost of a box of pills; it shows how to avoid and how to cure all manner of diseases, and how to correctly interpret the symptoms thereof. Sold everywhere, or sent by mail for 25 cents in stamps. A valuable illustrated medical book sent free to all

AYER'S

Cherry Pectoral,

No other complaints are so insidious in their

attack as those affecting the throat and lungs; none so trifled with by the majority of suffer-

ers. The ordinary cough or cold, resulting

perhaps from a trifling or unconscious ex-

posure, is often but the beginning of a fatal

sickness. AYER'S CHERRY PECTORAL has

well proven its efficacy in a forty years' fight with throat and lung diseases, and should be

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIRBROTHER."

Rockingham. Vt., July 15, 1882.

Croup. - A Mother's Tribute

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.

A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no suc-cess, I was cured by the use of AVER'S CHER-RY PECTORAL. JOSEPH WALDEN."

PECTORAL, JOSEPH WALDEN."

Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved

by the use of AVER'S CHERRY PECTORAL,

and it will always cure when the disease is

not already beyond the control of medicine.
