# SCROFULA

Ayer's Sarsaparilla has an equal as a remedy for Scrofulous Hu-mors. It is pleasant to take, gives strength and vigor to the body, and produces a more permanent, lasting, result than any medicine I ever used.—E. Haines, No. Lindale, O. I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faith fully, it will thoroughly eradicate this terrible disease.— Erysipelas, W. F. Fowler, M. D.

Canker, and Salt-Rheum, and received much benefit from it.

Agriculture

less time to get ready for market.

readily, will cost less than if less feed tions that exist, is given and a slower growth made. In order to realize the largest profit, it is, of course, necessary to feed as economically as possible. This does not imply saving feed at the expense following rules for practice in farm

Astounding Figures. Reliable authorities estimate the value of the poultry raising products of the United States for the year 1886, at the enormous sum of six hundred millions of dollars. But even this amount, large as it is, does not represent the total value of this great industry for a single year. In 1876, the United States imported from foreign countries about five million dozen eggs-but in 1885 the quantity had increased to over sixteen million dozen. If these figures are correct, A splended assortment of (and there is no reason to doubt them) Ladies' Black Fur Lined Shoul- the poultry industry amounts to more than either the wheat crop, the cotton crop, the hay crop, or the entire proof Sheridan's Powder for 60 cents, most cases must be good ha post paid, and for \$1 20 a large 21 attention must be paid to h pounds tin can.
