The Ministers' Visit.

The Grit party are not to have a monopoly of political discussion in New Brunswick. Recently we have been compelled to hear and read the sophistry of such politicians as Hon. L. H. Davies...

Hon. Mr. White is admitted to be a gentleman of exceptionally great ability as a journalist, and as a statesman. His speeches every session of Parliament, rank with the best efforts heard in that Chamber...

Hon. J. S. D. Thompson, is the foremost Nova Scotia public man, and as an orator, has few equals in the Canadian Parliament. He is the representative with Hon. John Costigan, of the English speaking Catholics in the Cabinet...

Hon. George E. Foster is an old favorite in Fredericton and York. He spent a number of years in this city as a Professor in the University, and his learning and eloquence are well known to the great bulk of our people...

The Chatham World in urging constitutional organization in Northumberland says: "The Conservatives must not allow the Grits to soothe themselves with the hope of capturing the constituency because of the defection of a former leader. They must show their opponents that they belong to a party, not to a man, and are held together by devotion to great political principles."

The Liberal Conservatives of Sunbury County, are to meet for organization at the Court House, Burton, at 1 P. M., next Tuesday. The nomination of the party will likely be offered to Mr. R. D. Wilmot, Jr., and our friends in Sunbury intend to out Uncle Charles from the seat in the Commons, upon which he appears to think he has a perpetual claim.

An Ottawa despatch says that the Finance Minister is highly delighted with the results of the first quarter of the present fiscal year. The receipts are largely in excess of the same period last year, and the expenditures considerably below.

A Parisian editor fought a duel with a captain in the army the other day, and seriously wounded his antagonist, which gives the lie to the popular impression, that an editor cannot back up what he writes.

The Reporter, which is sitting on the political fence, announces that there will be three or four candidates in York, for the Ontario election. Are we then to have both members of the Reporter firm in the field?

Sir John Macdonald and Hon. Messrs. Foster and Bowell, speak at Bellevue, this evening. The political picnic season is in full blast in Ontario.

Sir Charles Tupper is coming to Fredericton in a few days to interest the Local Government in the proposed permanent Colonial Exhibition.

Ontario Politics.

"Gossip upon the Ontario elections," says a Toronto correspondent of the Montreal Witness, is becoming quiet.

The Temperance Convention rattled the dry bones very considerably. The Provincial Government, which for some months had been sluggish in regard to this branch of politics, suddenly livened up.

Mr. Blake tells the people, that Sir John Macdonald had said that the lands in the Northwest would pay for the Canadian Pacific railway, as if he should not believe it, but I venture to affirm that the lands will pay for that great railway.

Mr. Blake went from one end of Ontario to the other, and even visited the city of Montreal, carrying with him a large map, and he seems to be fond of carrying these maps about. Children are fond of being taught by object lessons, and he carries these maps about, as he does not rely on his intelligence to understand if he simply placed the facts before you.

Simply build the Prairie section, for the construction of which, there was money enough without the land, that the difficult portions of the work would become a burden on the Government in the near future, and that years would elapse before the line would be built in consequence of the arrangement of those subsidies.

Among the arrivals of illustrious personages at Montreal last week, was Crowfoot, the Chief of the Blackfeet Indians of the North West, who, it will be remembered, had recently opposed the old route of the recent rebellion.

A Break for Liberty. That ended in the Death of Desperate Convicts. Two convicts confined in the Northern penitentiary of Michigan, named Frank Whiting and Charles Havens, both from Indianapolis, the former for 10 years for burglary and the latter for 14 years for street car robbery...

Honorably Acquitted! The Reporter Deaf and Dumb Institution not Guilty of Abell's Charge. It gives the FAMER a great deal of pleasure in recommending the following extract from the minutes of the Executive Council of Sept. 20th, which completely exonerates Mr. Woodbridge and his pupils of the Fredericton Deaf and Dumb Institution, from the vile charges preferred against them by Abell.

Death in the Wires. Rhody Carroll, an employee of the Western Union Telegraph company, met his death at Detroit, Michigan, the other day from a shock of electricity. He had been engaged in changing a wire which led into the Western Union office. One man climbed a pole and cut the wire, while the other man, who had been on the pole, was struck by the electricity.

The Canadian Pacific Railway.

An interesting extract from Hon. Thomas White's speech at Winchester Springs, Ontario.

Mr. Blake tells the people, that Sir John Macdonald had said that the lands in the Northwest would pay for the Canadian Pacific railway, as if he should not believe it, but I venture to affirm that the lands will pay for that great railway.

A Reporter Horsewhipped.

A young lady severely chastises a Newspaper Man for writing about her.

A reporter of the Jersey City Evening Journal, named Leonard, was horsewhipped last Thursday night, in the meeting rooms of the Board of Public Works by Mania Gannon, the twenty-four year old daughter of Lord Mayor of London. On Tuesday the Journal published a sensational story entitled, "A Society lady moving." It stated that two young ladies moving in the highest circles of society had raised cheques given to the aid of the poor to \$800 and \$100 respectively.
