Fredericton, August 11.

For "wern-out," "run-down," debilitated

school teachers, milliners, seamstresses, house-keepers, and over-worked women generally,

Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to

women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor

and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloat-

ing, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our post scription is sold by druggists under our post scription.

not been able to produce animals equal begin to grow. and soft-footed. They are largely fed mowings from the lawn, or anything on corn, which is a better fat-producer of that sort. This will not only keep about it :- Evidence accumulates that than muscle-former. It is more suited the fruit clean, but will prevent the cutting seed potatoes is not only a

A GOOD fitting suit of Clothes is what every-one wants, and there is no reason why they Mr. James A. Robinson, being ably assisted by Mr. C. E. Collins, a First-Class Pressmen, is been expressed in some quarters that the horse-ranches which are being which will be shown by the affable Messrs. E. McGarrigle and W. J. Crewdson, who will be delighted to show the goods, and take orders. With such a genial and competent staff of aids, the subscriber feels assured, that everyone who started in our own North-west will depreciate the price of borses in the Eastern Provinces. The facts just America and Asia," says the Chinese favors him with a call, will receive every at- stated show how groundless this fear is. For many years to come, the product of those ranches will be needed in the North-west, and if there should ever be a surplus, competition from that quarter cannot injuriously affect the horse-market at the East, for the reasons already given.

It would seem, then, to be wise policy for Canadian farmers to cultivate this branch of stock-raising more assiduously. There is no risk what-"just fun" to break in colts to ride an extra quantity is eaten by a few, the meadows this month or next as a and drive. With a constant succes- it produces a bad effect. are any quantity of showy grade stalsmall fee, while, of course, thoroughbreds of every race are necessarily more costly. In breeding animals. whether horses, cattle, sheep, or even pigs, it is the height of folly to employ mongrel males or sires. No mathow fine a figure they may cut, their progeny will infallibly "bark back" to inferiority. A first-cross from a pure-bred male is sure to be good, if judiciously arranged, while the worst evil that afflicts our stock farming is the use of mongrel sires .- Cor. Mon-
