VICTOR," Belongs the Spoils. The advantages claimed for this Churn over all others are :It is provided with tubes inserted in the ends, thus to insure a continuous current of fresh air during the agitation of the cream, while at the same time any accumulation of gas is allowed free escape, by the vent on top, provided for this DRESS Goods, Prints, Muslins, Shirtings, Bedticks, Flannels, Tweeds, Grey and White Cottons, Corsets, Hosiery, Gloves, and a general assortment of Pry Goods, very cheap for cash.

From ave to ten minutes are sufficient to bring the butter in granular form, while it lies so lose by in the Churn, that the buttermilk can be readily drawn off.

The only Churn that will wash and salt the butter without injuring the grain.

Takes less power to run it; will make more butter in less time, and of butter quality than outter in less time, and of butter quality than any other churn in the market.

Hear what Mr. Handson of New Manyland says:—"It can't be beaten."

Mr. Robert Charters of same place says:—"It is perfection itself."
