5. It will tend to prevent sudden death from Corgestion of the Lungs, Brain, Apoplexy, and Heart Disease. 6. It will benefit or cure Asthmatics. 7. The useful results of a few months' faithful use of the Tube are to enlarge and strengthen the voice, enlarge the circumference of the chest from two to six inches, and the flesh from five to ten or twelve pounds-so that ones clothing has to be enlarged. That while no physician can cure a consumptive, yet the patient can cure himself if he is properly instructed, and commences before the lungs are too much wasted away, and that the inhalation of common air through a tube prepared for the purpose is worth more than all other means, if it be taltafully pursued daily for a few months, medicines being only used to control the inflammatory symptoms as they arise; thus exercising, airing and enlarging the capacity of the lungs, and more perfectly vitalizing DIRECT from the maker, a nine lot of Scales, which will be sold at prices to suit the times.
