## The Woodstock Exhibition.

The Agricultural and Mechanical Exhibition held at Woodstock, last week, by the united counties of Carleton and Victoria, was a very great success, and brought together a large number of people. Possibly the enterprising little town never saw so The horse exhibit was especially fine, cousin, Mr. S. D. McLellan, a Truro averaged forty-five bushels to the acre in one for Whitewood, where we arrived soon afterincluding nearly three hundred animals of superior quality. Cattle show ed fairly well, and the root exhibit was very creditable. The local manufacturers ought to be proud of the splendid show they made, and the various articles of woman's handiwork were inspected with considerable interest. There was a great want of space, the managers of the exhibition This was particularly true in the in- around the city. dustrial departments. The management of an exhibition was of course a new thing to the gentleman in charge, ral McLelan as "a rotten minister, a He has also been very successful this year four oxen and other cattle, and has raised He has also been very successful this year four oxen and other cattle, and has raised per 1,000 feet. and they labored under difficulties, but boodler, a briber, a blatherskite, a with roots, and told me that out of one hill this year, six hundred bushels of wheat and they worked hard, and did the best they could to give exhibitors and the public, satisfaction, succeeding admirto a political opponent, and quite six hills to a bushel.

This is charming language to apply to a political opponent, and quite to a political opponent, and quite to a political opponent. ably, A vast amount of the labor worthy of a Grit source. fell upon Mr. J. T. Fletcher, the Secrewill be found on our first page, and the found on our first page, and the frequency of the frequency of the frequency of the frequency of the dairy and drove out to the Agency, which is in charge of population each year of almost 1,200,000 ladies' fancy work. Prizes were offered for butter in lots of from fifty pounds to one self in favor of Commercial Union.

Sir Charles Tupper.

The Finance Minister who arrived at Halifax from England, Sunday OUR WESTERN HERITAGE. morning, called at St. John's New foundland, on his way over, and met the leading politicians of the Island, What Ald, Hazen Saw and Heard when a possibly to gain information on some phases of the Fishery question, for the use of the Government, and it may be, to sound the Newfoundlanders on A Long Letter Brimful of Interestthe subject of confederation, it being rumored that they are not now averse to entering the Union. However Sir The Eastern Press Represen-Charles has not made public any particular business he had at St. John's. In an interview he said :-

"I am simply on my way to Canada to And are Everywhere Most Courcided to come by the way of St. John's." "In what way, asked the reporter, do Canadian statesmen view confederation

with Newfoundland at present?"

matters, and will come back to Canada observe the faith which the settlers seem to with beef, that he purchased from the farm-

cant by Mr. Blake's resignation, and Mr. Cameron made a bold push for the nomination there, but the Grits

settled a short time, and the result of a rew years of such crops as that of this year, will be that the houses will give place to larger and more comfortable ones.

It is remarkable how many New Bruns
To the Press Representatives of the Eastern Provinces:

# Revenue and Expenditure.

The following statistics of Canada will be interesting:—The revenue of New Brunswickers were met, including Rev. "The peoples' rights maintain, Unawed by influence and unbrided by gain," Canada for the first three months of Ernest Flewelling, now Rector there, and the current fiscal year was \$8,077,000 Mr. Davidson, brother of Hon. A. A. Davidthe current fiscal year was \$8,077,000. son of Newcastle. These gentlemen speak honored us by this visit. We trust your nearest neighbor is a French Count, who is were there so many men under arms and The expenditure for the same period of the country in warm terms of praise and was but \$6,837,000, leaving the hand- seemed satisfied that their lot had been cast some surplus of \$1,240,000.
