The subject of next Tuesday's lecture in the Church Hall, is one that is attracting much attention at the present moment. Since the occupation of Egypt by the English, the English church has been endeavouring to do something towards helping the Coptie church. The Copts were among the first to embrace Christianity, having been converted by Mark the Evangelist, but by force of circumstances, and later by the Saracenic invasion, have been isolated from their fellow Christians for fourteen centuries. A visit to their churches is like stepping back at one stride into the worship as offered by Christians in the fifth century.

WONDERFUL!

PETWEEN eight and ten years ago, a medicine was introduced to the public, and suffering humanity was invited to try the same.

The proprietor knew from experience, that success was certain, but the human breast so imbued with prejudice that it forms one of the strongest barriers to break down and the greatest enemy to overcome before any headway can be made towards the mansion of success. Truth has often proved itself to be "stranger than fiction," and it is a fact as solid as truth that SMITH'S CHAMOMILE PILLS have now become one of the leading Patent Medicines of the present day, from north to south have now become one of the leading Patent Medicines of the present day, from north to south, and from east to west, they are to be found in the homes of the rich and poor. All classes of society use them, and they are by thousands declared to be Worth their Weight in Gold.

For a Weak Stomach, Impaired Digestion, and all disorders of the Liver, they act like "MAGIC," and a few doses will be found to work wonders on the most important organs in the human machine. They strengthen the whole muscular system, restore the long-lost complexion, oring back the keen edge of appetite, and arouse into action, with the rose-bud of health, the whole physical energy of the human frame. These are "facts" admitted by thousands, embracing all classes of society; and one of the best guarantees to the nervous and debilitated is, Smith's Chamomile Pills have the largest sale of any Patent Medicine in the Dominion.

Take one pill (very (or every other night), just enough to keep the bowels gently moved. For ordinary Billious Complaints one or two doses are sufficient. These pills act on the system very similar to blue pills, or blue Mass, but do not contain the least particle of mercury or calomel.
