feeling proud that by this road we have added to the military strength of the mother country. The older persons in this gathering can doubtless remember when a large number of the people of Great Britain were opposed to all colonies and theught they was this opinion held of Canada, which it was said in the event of a war with the United States, was sure to fall a victim to her powerful neighbors. We do not now hear that any party in England holds the opinion that British America is

A BURDEN TO THE MOTHERLAND.

Even John Bright, who was a leader of the opponents of colonial possessions, has lately announced his convictions of the necessity for the preservation of the ites that bind the British Empire together. This great work is of especial concern to St. Andrews. I have been told that in by-gone times St. Andrews was quite a thriving place, with its West India trade and was a sea port of no mean pretentions. There is no reason why it should not resume the important position it held in former days when the Short Line is finished; if aided by the enterrise of its ait; and the continued depression in the ship-building distance of the failure of the ship-building distance of the failure of the ship-building distance of the ship-building distance of the specially was this opinion had been at the was glad to see that this had been erected. They had the effect of keeping the people at home to assist in the development of the irow country. St. Stephen not to tell her how near cremation she had been at the deady that she was onuch better she was to the to that she was on untoor dress upon her, and perhaps that she was so much better she was to see that this shad the object was to get new fields for labour they would go out together and enjoy the wint she was barded to to tell her how near cremation she had been crematory.
