Day and Night

During an acute attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, dry, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is also attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep. I have been a practicing physician for twenty-four years, and, for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the

Without Relief, I tried Ayer's Cherry Pectoral. It helped me immediately, and effected a speedy cure.—G. Stoveall, M. D., Carrollton, Miss. Ayer's Cherry Pectoral is decidedly the best remedy, within my knowledge, for chronic Bronchitis, and all lung diseases. -M. A. Rust, M. D., South Paris, Me. I was attacked, last winter, with a severe Cold, which, from exposure, grew worse and finally settled on my Lungs. By night sweats I was reduced almost to a skeleten. My Cough was incessant, and I frequently spit blood. My physician told me to give up business, or I would not live a month. After taking various remedies without relief, I was finally

Cured By Using two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption. S. P. Henderson, Saulsburgh, Penn. For years I was in a decline. I had weak lungs, and suffered from Bronchitis and Catarrh. Ayer's Cherry Pectoral re-stored me to health, and I have been for a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief,—Edward E. Curtis, Rutland, Vt. Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Pneumonia. After trying various medicines, without benefit, he finally prescribed Ayer's Cherry Pectoral, which relieved me at once. I continued to take this medicine a short time, and was cured.

Testing a Praying Soldier.

There are many ways of testing christians, and some of these are not very accurate. The following incident brings out one which can never fail in the circumstances. It took place during the American revolutionary war. when the strictest order was required to be k-pt, and when care needed to be taken lest the enemy should get an advantage. One night near the British camp, not far from the river Hudson, a Highland soldier was caught creeping stealthily back to his quarters out of the woods. He was taken before the commanding officer, and charged with holding communication with the enemy. The case of Major Andre was then very recent. and no Briton was disposed to be merciful THE QUEEN OF PERFUMES-"Lotus of towards a suspected friend of the Americans. The poor Highlander pleaded that he had only gone into the woods to pray by himself. This was his only defence. The commanding officer was himself a Scotchman and a Presbyterian, but he felt no tenderness for the culprit. "Have you been in the habit, sir, of The cats and the babies are classed together spending hours in private prayer?" he asked, sternly. "Yes, sir." "Then down on your Consumptives should try Allen's Lung knees and pray now !' thundered the officer; "you never before had such need of it." Ex-"The wisest man can learn something pecting immediate death, the soldier knelt and poured out out his soul in a prayer that for aptness and simple, expressive eloquence could have been inspired only by the piety of a Christian. "You may go," said the officer, when he had done. "I believe your story. If you had not been often at drill you couldn't have got on so well at review." And the
