VOTE FOR MR. TEMPLE.

An Appeal to the Young Men.

To the Editor of the Farmer : SIR,- There are some vile assertions made against some of our leading politicians during this present campaign, falsely and unjustly a great many of them. But as you know those gentlemen just as well as those who uttered them, therefore you know what credit to give them. Now the queestion is, who are we going to have to govern us. The want to see our country progress like other

countries, we want employment at home, we want encouragement. Very well. 1st We say we want our country to proother markets. Now I ask which party has Mr. John R. Dunn, a former University done the most in opening our markets with it was the present Government, while it was the Mackenzie Government which strongly opposed it. Now I ask, does that look much like if they cared for our progress. 2nd We want employment at home, Who has done the most in this respect? the present Government. How? They adopted a policy to protect our industries, which is the queen and York Streets. key of keeping our young men employed at home. It was the Mackenzie Government

have been over anxious in keeping our young men at home? Surely not. In the curling match here last Thursday 3rd We want encouragement. Now which

ever it was, therefore young men vote for Mr. Yours, respectfully, WM. McGINN.

The proprietor knew from experience, that success was certain, but the human breast—so imbued with prejudice that it forms one of the strongest barriers to break down and the greatest enemy to overcome before any headway can be made towards the mansion of success. Truth has often proved itself to be "stranger than fiction," and it is a fact as solid as truth that SMITH'S CHAMOMILE PILLS have now become one of the leading Patent Medicines of the present day, from north to south, and from east to west, they are to be found in the homes of the rich and poor. All classes of society use them, and they are by thousands declared to be Worth their Weight in Gold For a Weak Stomach, Impaired Digestion, and all disorders of the Liver, they act like "MAGIC," and a few doses will be found to work wonders on the most important organs in the human machine. They strengthen the whole muscular system, restore the long-lost complexion, bring back the keen edge of appetite, and arouse into action, with the rose-bud of health, the whole physical energy of the human frame.
